Friendship and Fellowship in the Local Church Dr. L.

Vega-Sanabria,2023-05-22 After a teaching career of more than thirty years having taught across all grade levels and a broad range of subject areas Friendship and Fellowship in the Local Church a 21st Century Perspective is a product of an encompassing ministry experience in the local church for both Spanish speaking and English speaking congregations as a teacher deacon and pianist a research based study with a pragmatic and practical view on the needs of one of the most unrecognized and misunderstood populations those of the inmate believers The Gospel message is clear and the members of the body of Christ have a responsibility to encourage one another and build each other up 1 Thessalonians 5 11 NIV The message of our Lord Jesus Christ is as real today as it was centuries ago I tell you open your eyes and look at the fields They are ripe for harvest John 4 35 NIV Believer inmates are members of the body of Christ their conversions are real their transformations are evident and their faith is strong Yet they too need the support of other members of the body of Christ for the Holy Spirit works through each member as he or she is gifted in order to address and attend to the unique needs of the incarcerated believer inmates Hear their silent cries as they are revealed in the Friendship and Fellowship in the Local Church a 21st Century Perspective The Gospel of John states the reason Jesus visited Samaria Now he had to go through Samaria John 4 4 NIV And in NKJV it states He needed to go through Samaria For Jesus it was a need Jesus knew the importance of reaching out to those who were marginalized who were ostracized and who were highly criticized and judged

They had been abandoned but Jesus had other plans Later he met the Samaritan woman and through her her village and her town received the Good News about the Messiah Many of the Samaritans from that town believed in him because of the woman s testimony John 4 39 NIV His own disciples were blind to this need they were subject to the day s misconceptions and misinterpretations and biases Later Jesus pronounces one of the most significant statements of the Gospel message I tell you open your eyes and look at the fields They are ripe for harvest John 4 35 NIV Friendship and Fellowship in the Local Church a 21st Century Perspective is a call to reach a group of people that have been abandoned and rejected to address their needs spiritual social emotional and psychological It is like Jesus said A field ripe for the harvest It is an eye opener a pioneer research study addressing the needs of one of the most deserted and neglected populations considering it covers a topic difficult to discuss and is of much controversy Paul said Remember my chains Colossians 4 18 NIV When Jesus was accused of associating with those that were outcasts his reply was For I have not come to call the righteous but sinners Matthew 9 13 NIV

The capitalist mode of destruction Costas Panayotakis, 2021-02-09 The capitalist mode of destruction traces contemporary capitalism s economic ecological and democratic crises Combining insights from a range of disciplines including psychology sociology and political economy Panayotakis interprets these crises as manifestations of a previously unrecognized contradiction over time the benefits of capitalism s technological dynamism tend to decline even as its threats to humanity and the planet continue to mount To explain this contradiction the book analyzes the production and distribution of surplus in capitalist societies and rethinks the concept of surplus itself Identifying the public sector and households as sites of production no less important than the workplace this book attributes capitalism s contradictions to working people s lack of control over the surplus they produce This lack of control is undemocratic and threatens the planet Only a classless society in which working people democratically determine the size and use of the surplus they produce can effectively respond to our current predicament Recognizing such a democratic classless society as the essence of the communist ideal the book argues that far from becoming obsolete this ideal is ever more indispensable But since the necessity of this ideal does not guarantee its realization the book also investigates the conditions necessary for the formation of an anti capitalist alliance for social justice democracy and ecological sustainability
