Black Elk Speaks Adapted by the poet John G Neihardt from a series of interviews with Black Elk and other elders at the Pine Ridge Reservation in South Dakota Black Elk Speaks is one of the most widely read and admired works of American Indian literature Cryptic and deeply personal it has been read as a spiritual guide a philosophical manifesto and a text to be deconstructed while the historical Black Elk has faded from view In this sweeping book Joe Jackson provides the definitive biographical account of a figure whose dramatic life converged with some of the most momentous events in the history of the American West Born in an era of rising violence between the Sioux white settlers and U S government troops Black Elk killed his first man at the Little Bighorn witnessed the death of his second cousin Crazy Horse and traveled to Europe with Buffalo Bill s Wild West show Upon his return he was swept up in the traditionalist Ghost Dance movement and shaken by the Massacre at Wounded Knee But Black Elk was not a warrior instead accepting the path of a healer and holy man motivated by a powerful prophetic vision that he struggled to understand Although Black Elk embraced Catholicism in his later years he continued to practice the old ways clandestinely and never refrained from seeking meaning in the visions that both haunted and inspired him In Black Elk Jackson has crafted a true American epic restoring to its subject the richness of his times and gorgeously portraying a life of heroism and tragedy adaptation and endurance in an era of permanent crisis on the Great Plains

Education for Extinction David Wallace Adams, 2020-06-10 The last Indian War was fought against Native American children in the dormitories and classrooms of government boarding schools Only by removing Indian children from their homes for extended periods of time policymakers reasoned could white civilization take root while childhood memories of savagism gradually faded to the point of extinction In the words of one official Kill the Indian and save the man This fully revised edition of Education for Extinction offers the only comprehensive account of this dispiriting effort and incorporates the last twenty five years of scholarship Much more than a study of federal Indian policy this book vividly details the day to day experiences of Indian youth living in a total institution designed to reconstruct them both psychologically and culturally The assault on identity came in many forms the shearing off of braids the assignment of new names uniformed drill routines humiliating punishments relentless attacks on native religious beliefs patriotic indoctrinations suppression of tribal languages Victorian gender rituals football contests and industrial training Especially poignant is Adams s description of the ways in which students resisted or accommodated themselves to forced assimilation Many converted to varying degrees but others plotted escapes committed arson and devised ingenious strategies of passive resistance Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama that the response of accommodation was not synonymous with cultural surrender This is especially apparent in his analysis of students who returned to the reservation He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men The discussion comes full circle when Adams reviews the government s gradual retreat from the assimilationist

vision Partly because of persistent student resistance but also partly because of a complex and sometimes contradictory set of progressive humanitarian and racist motivations policymakers did eventually come to view boarding schools less enthusiastically Based upon extensive use of government archives Indian and teacher autobiographies and school newspapers Adams s moving account is essential reading for scholars and general readers alike interested in Western history Native American studies American race relations education history and multiculturalism *Creation and Procreation* Marta Weigle,2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Projecting the Shadow** Janice Hocker Rushing,Thomas S. Frentz,1995-12 The cyborg is the hero of an increasingly popular genre of American film Drawing from representative films such as Jaws The Deer Hunter and The Manchurian Candidate the authors track the narrative s thread from the hunter to his technological nemesis **Buried Roots and Indestructible Seeds** Mark Allan Lindquist,Martin Zanger,1994 Nine essays present traditional and modern Native American stories and narrative and analyze such aspects as circularity perceptions of the environment tricksters comedy and tragedy treaties and tribal survival sovereignty and tradition Annotation copyright by Book News Inc Portland OR
