The Post-impressionists: Cézanne, Gauguin, Van Gogh Lawrence Hanson, Elisabeth M. Hanson, 1963 **Impressionism** John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes

The Old Shoes S H E W E I A, 2014-10-07 The Old Shoes is a story about how love changes everything how art can be a template for healing how beauty transforms the soul how support comes from unexpected sources and how reincarnation can be a manifestation of dreams and a harvesting of seeds planted long ago Through the lens of art life ends and begins anew Mya an abstract artist of the twenty first century epitomizes the soul s longing for connection for community and for communion with all that is She jump starts a healing process by facing a life crisis triggered by the past Souls outside time and space come together to lead her to the validation she so desperately needs in order to trust again Always in the background are the letters of Vincent van Gogh along with Michelangelo s search for beauty and self acceptance Weaving in and out of the years angelic messages add perspective and clarity to human perception and
