understanding of the Kabbalah *Sefer Yetzirah the Book of Creation* E. Colle,2013-08-03 The First Torah was lost when Moses broke the First Two Tablets he had received from God on Mount Sinai Moses privately conveyed this knowledge to those few found worthy to receive it This knowledge has been secretly preserved within the Kabbalah The Sefer Yetzirah contains the knowledge of the First Torah which can be discovered through diligent study and unbiased thought **The Sepher Yetzirah** Tarl Warwick,2015-09-11 For those involved with the study of Kabbalah the Sepher Yetzirah is along with the Sepher Bahir one of the key works of note within this genre of mysticism Involved with both the Hebrew alphabet and numbers systems it ascribes all major aspects of creation literally formation by divine force to three classes of Hebrew letters with three numbered classes thereafter the three mothers the seven pairs and the twelve elementals Further to this is added the ten Sephiroth and their representations The work contains what are very likely to be Gnostic elements as well for the Sephiroth are of nothingness here too are some alchemical properties and concepts enumerated in antiquity long before their latter day Renaissance counterparts Here then it is through fire water and breath that formation occurs and the divine breath of god is considered the moderating force which measures and imparts all other existence and nature *Sefer Yetzirah* Akiba Ben Joseph,2023-07-05 Sefer Book of Formation or Book of Creation is the title of the earliest extant book on Jewish esotericism although some early commentators treated it as a treatise on mathematical and linguistic theory as opposed to Kabbalah Yetzirah is more literally translated as Formation the word Briah is used for Creation The book is traditionally ascribed to the patriarch Abraham although others attribute its writing to Rabbi Akiva Modern scholars have not reached consensus on the question of its origins According to Rabbi Saadia Gaon the objective of the book s author was to convey in writing from a Jewish perspective how the things of our universe came into existence Translated from the Hebrew with annotations by Knut Stenring Includes the 32 paths of wisdom their correspondence with the Hebrew alphabet and the Tarot symbols and with an introduction by Arthur Edward Waite [Return to the Place](#) Jill Hammer,2020-09-07 Rabbi Jill Hammer has taken ancient Jewish mystical text and transformed it into a contemporary guide for meditative practice In Return to the Place Rabbi Hammer guides the reader through the story of creation as the ancient text of the Sefer Yetzirah draws readers in and invites them to become participants in the book s vibrant incantations bringing the Creator s sacred energy into the world The Sefer Yetzirah is a creation story like none other describing the creation of the world in cryptic mystical poetic text Rabbi Jill Hammer has taken a fresh look at this text that scholars believe goes back to the sixth century CE embracing this text with healing intention Through guided meditations at each step along the way Rabbi Hammer allows readers to dig deeply into the text to experience the potential power of these ancient writings Hammer builds a thought provoking bridge from the past to the present translating the text and focusing on its key aspects to give readers a relevant focus for contemplation Advance Praise Sefer Yetzirah has been called the foundational text of Jewish mysticism but despite many scholarly attempts to explain it readers still find its language baffling and its message indecipherable Now Rabbi Jill Hammer
