Select Epigrams from the Greek Anthology (Classic Reprint) J. W. Mackail, 2015-07-02 Excerpt from *Select Epigrams From the Greek Anthology* About four thousand of them have been preserved in two collections made at Constantinople in the tenth and the fourteenth century and the remainder have been brought together from literary and inscriptional sources by more scholars The earliest of the date from 700 B C and they extend from that time almost continuously down to 1000 A D Throughout all that period they present little or no change in language or versification A form of poetry which remained alive for seventeen centuries is unique in literary history and bears striking testimony to the extraordinary vitality of the Greek genius That vitality is not yet exhausted it is still an influence over modern life art and thought This selection of Greek minor poetry draws for us a picture of Greece in little it is an epitome slightly sketched with a facile hand of the book of Greek life A translation notwithstanding its limitations and its necessary inadequacy may give to English readers much of the substance and something even of the tone and flavour of the original About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **SELECT EPIGRAMS**

FROM THE GREEK ANTHOLOGY JOHN WILLIAM. MACKAIL, 2018 **Select Epigrams From the Greek Anthology** John William Mackail, 2016-07-19 Excerpt from *Select Epigrams From the Greek Anthology* Edited With a Revised Text Introduction Translation and Notes The purpose of this book is to present a complete collection subject to certain definitions and exceptions which will be mentioned later of all the best extant Greek Epigrams Although many epigrams not given here have in different ways a special interest of their own none it is hoped have been excluded which are of the first excellence in any style But while it would be easy to agree on three fourths of the matter to be included in such a scope perhaps hardly any two persons would be in exact accordance with regard to the rest with many pieces which lie on the border line of excellence the decision must be made on a balance of very slight considerations and becomes in the end one rather of personal taste than of any fixed principle About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books
