Lost And Found In Budapest 1936 1937:

Lost and Found in Budapest, 1936-1937 Evelyn Wexler, 2000 Award winning writer Evelyn Wexler creates a world as vivid as the one created by Italian Vittorio De Sica in *The Garden of the Finzi Continis* the world of the Jewish privileged class in Budapest Hungary The time is 1936 and the author is an 11 year old from the Bronx accompanying her emotionally troubled mother to her native Hungary and the home of her father's older brother for compassionate psychiatric care that was unaffordable at that time in the United States But the world is in turmoil the Nazi jackboots are on the march and will soon shatter this world as irrevocably as these two years in Budapest will shatter the innocence of the author The memoir beautifully portrays a child's curiosity and confusion not only about anti-Semitism but about grownup affairs sex and romance even while it brings an adult understanding to bear on the memories of these crucial years In an important story that is both personal and larger than personal the writing sparkles with detail and with the particular clarity that resides in well examined powerfully formative experiences Judith Barrington author of *Writing the Memoir From Truth to Art and Lifesaving A Memoir About Wexler's Earlier Work The Geisha House* Luminous Brilliant Evocative Evelyn Wexler is a writer of great imagination wisdom and passion Ursula Hegi author of *Stones from the River* and *Floating in My Mother's Palm* A Novel

Dictionary of Minor Planet Names Lutz D. Schmadel,2013-03-09 According to a long standing astronomical tradition the naming of minor planets in the solar system is the privilege of the discoverers Contrary to most other kinds of celestial objects which receive complex alpha numerical designations the names of minor planets often say more about the discoverers than about the object in question There is a rich and colourful variety of ingenious names from those of heavenly goddesses in the nineteenth century to the more prosaic and sometimes very specific names of observatories towns and mountains computers and persons given by present day discoverers Commission 20 of the International Astronomical Union under whose auspices the naming of minor planets falls has long been concerned with the need to establish a complete catalogue of these names as well as of the interpretation of their meanings For this purpose a Study Group on the Origin of Minor Planet Names was set up at the time of the IAU General Assembly in Baltimore in August 1988 The Working Group immediately started to collect information about these matters from all available sources including some earlier incomplete compilations made in the U S and in Europe and also by personal interaction with living discoverers of minor planets
