The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books.

Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy      *New York Magazine* ,1987-08-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s

*The Dust Rose Like Smoke* James O. Gump, 2016 In 1876 Lakota and Cheyenne warriors annihilated Custer's Seventh Cavalry at Little Bighorn Three years later and half a world away a British force was wiped out by Zulu warriors at Isandhlwana in South Africa In both cases the total defeat of regular army troops by forces regarded as undisciplined barbarian tribesmen stunned an imperial nation Although the similarities between the two frontier encounters have long been noted James O Gump's book *The Dust Rose Like Smoke* is the first to scrutinize them in a comparative context This study issues a challenge to American exceptionalism he writes Viewing both episodes as part of a global pattern of intensified conflict in the latter 1800s resulting from Western domination over a vast portion of the globe Gump's comparative study persuasively traces the origins and aftermath of both episodes He examines the complicated ways in which Lakota and Zulu leadership sought to protect indigenous interests while Western leadership calculated their subjugation to imperial authority The second edition includes a new preface from the author revised and expanded chapters and an interview with Leonard Little Finger great great grandson of Ghost Dance leader Big Foot whose story connects Wounded Knee and Nelson Mandela
