*The Ineffable Name is the Great Mystery of Creation and Salvation* Helena Petrovna Blavatsky, 2017-07-31 Unknown and Unknowable is the Supreme Mystery God It is the Voice of the Ineffable Name and the Wisdom of the Initiates Epopteia It is the Holy of Holies the Unity of Unities more ineffable than all Silence more occult than all Essence It is Plato's Unspeakable All He whom no person has seen except the Son It is Pythagoras Ineffable God's Name and key to the mysteries of the Kabbalah It is the Holy Word of God that no man knew but He himself The Name is Ineffable because non existent It permeates the Moon and Stars yet It is different from the Moon and Stars It never differentiates but only emanates There is no need travelling to distant places to find It The Name is very nigh unto thee in thy mouth and in thy heart It may rush into infinite worlds in sleepless whirling yet It remains latent in the deepest recesses of thy heart The Ineffable Name is Deity Itself but not God Nameless unpronounceable yet universally diffused Essence the Ineffable is Kama Eros Phanes or noumenon of Fohat i e Divine Will or Eternal Desire of manifesting Itself through visible creation The Name lies hidden within the Pythagorean Tetrad or Tetractys It is expressed by the Tau Cross signet of the Living God The double motion of the philosophical cross is the great arcanum of life and being Deity is Nameless Numberless No thing Absolute Darkness God is quaternary Ineffable Silence Father Truth All powers and great symphonies of physical and spiritual nature lie inscribed within the Perfect Square That is why the Ineffable Name was replaced by the Sacred Tetrad or Tetractys the most binding and solemn oath with the ancient mystics There are three

Tetrads the Unfathomable Father First Logos Its creative emanation or Heavenly Man Second Logos and the embodied reflection of the latter in humanity at large Third Logos or the Tetragrammaton of the Jews Only the first is the real Pythagorean Tetractys the other two are counterfeit The Ineffable Word is identical with the Ineffable Name of the Masons and the Kabbalists The Word itself is only a substitute for the Masonic Lost Word and a comparatively modern invention The Lost Word is no word at all as in the case of the Ineffable Name It ought to stand as lost words and lost secrets in general Nor the Name is a name but Sound or rather Motion The Name is not ineffable it is unpronounceable or rather not to be pronounced

Dystopia(n) Matters Fátima Vieira, 2013-07-16 The volume is divided into two parts separated by an Intermezzo The first part Dystopia Matters benefits from the contribution of reputed scholars of the field of Utopian Studies who were asked to make a statement explaining why dystopia is important The Intermezzo completes this part and offers the reader an informed discussion of the concepts of utopia dystopia and anti utopia whilst providing ground for the case studies presented in the second part in the sections devoted to literature film and theatre In one way or another despite the variety of approaches all contributors argue for the idea that if dystopia has invaded most forms of contemporary discourse its sibling utopia has not been eradicated from the scene Furthermore the studies show that the tension between the two concepts is instrumental to our cautious conscious and tentative construction of the future

**The Architecture of Ruins** Jonathan Hill, 2019-03-25 The Architecture of Ruins Designs on the Past Present and Future identifies an alternative and significant history of architecture from the sixteenth century to the twenty first century in which a building is designed occupied and imagined as a ruin This design practice conceives a monument and a ruin as creative interdependent and simultaneous themes within a single building dialectic addressing temporal and environmental questions in poetic psychological and practical terms and stimulating questions of personal and national identity nature and culture weather and climate permanence and

impermanence and life and death Conceiving a building as a dialogue between a monument and a ruin intensifies the already blurred relations between the unfinished and the ruined and envisages the past the present and the future in a single architecture Structured around a collection of biographies this book conceives a monument and a ruin as metaphors for a life and means to negotiate between a self and a society Emphasising the interconnections between designers and the particular ways in which later architects learned from earlier ones the chapters investigate an evolving interdisciplinary design practice to show the relevance of historical understanding to design Like a history a design is a reinterpretation of the past that is meaningful to the present Equally a design is equivalent to a fiction convincing users to suspend disbelief We expect a history or a novel to be written in words but they can also be delineated in drawing cast in concrete or seeded in soil The architect is a physical novelist as well as a physical historian Like building sites ruins are full of potential In revealing not only what is lost but also what is incomplete a ruin suggests the future as well as the past As a stimulus to the imagination a ruin s incomplete and broken forms expand architecture s allegorical and metaphorical capacity indicating that a building can remain unfinished literally and in the imagination focusing attention on the creativity of users as well as architects Emphasising the symbiotic relations between nature and culture a building designed occupied and imagined as a ruin acknowledges the coproduction of multiple authors whether human non human or atmospheric and is an appropriate model for architecture in an era of increasing climate change
