Therapy Thieves Francis A. Martin, 2020-03-13 Acting on what started as a hunch Dr Francis Martin has cataloged well over 20 000 distinct approaches to counseling and psychotherapy that are advertised on the webpages of licensed practicing mental health providers No doubt some portion of them are harmful but the sheer volume of advertised practices and techniques often with names deceptively similar to actual evidence-based practices should be cause for concern among all stakeholders in the helping professions from educators and researchers to policy makers and insurance companies and especially consumers Based on this significant original study and drawing from other research and supports Therapy Thieves describes a near universal crisis in the field and recommends ways to rescue mental health care from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate themselves and who therefore deliver inadequate if not harmful services In presenting a simple yet powerful indictment of the field Dr Martin advocates for major reforms in several areas of mental health care including how prospective licensees are trained supervised and licensed a major reworking of professional ethics and the need to establish regulations for mental health care providers In short the book calls for major specific and urgently needed reforms

Homosexuality FAQs - A Christian Perspective eBook Daniel Lim & Ian Toh, 2022-07-22 Homosexuality is not a recent phenomenon or a newly emerged issue It exists since the ancient time despite the suppression by tradition and culture It started to surface in recent years as technology and media have developed in racing speed The society has become more open and acceptive to the topic people started to reflect on the traditional thinking on human relationship voices and discussions regarding homosexuality are getting common The word homosexuality which merely means same sex relationship in the past has evolved to LGBTQ which covers Lesbians Gays Bisexuals Transgenders and Queers nowadays Although there are more discussions do we truly understand LGBTQ How should we discern the right and wrong From Christian perspective how should we see it and live with its community Does the Bible provide us the answer In the past when

religions are confronted by issues of homosexuality and LGBTQ they would quickly jump into a conclusion such as sin against the nature promiscuity unclean etc On one hand religious communities subconsciously hold different attitudes and mindsets toward LGBTQ community on the other hand media coverage and celebrity influence exalt the revolution and advocacy of LGBTQ so that people or religious bodies who hold different point of views may be labeled as conservative old fashioned traditional conventional etc Over time a gap has formed between LGBTQ and religious communities Nevertheless before we decide between the right and wrong or give people a label of unrighteousness could we jump out of the endless quarrel opposition or criticism Could we adjust our perspective to understand to observe and to contemplate the matter so that we can better serve this community and walk with them with the love of Christ while we hold on to the law and principle of God
