Emily B. Visher, John S. Visher

Love And Power In The Step Family A Practical Guide:

How To Win As A Stepfamily Emily B. Visher, John S. Visher, 2013-04-15 Attempts to guide readers towards forming the remarried family considering such issues as former spouses new grandparents and legal issues involving custody visitation adoption and financial arrangements

Secrets to Stepfamily Success Gloria Lintermans, 2010-06 THE SECRETS TO STEPFAMILY SUCCESS offers tools that can significantly lower the alarming 70% rate of step and blended family divorce helping families evolve into highly nurturing reliable refuges of warmth safety encouragement strength caring and joy Step and blended families have a unique dynamic with which couples must cope along with all the other normal challenges of life and marriage See how these families differ in up to sixty structural and dynamic ways from typical intact biological families including consisting of two co parenting homes and ex spouses and learn how to successfully recognize and manage these challenges For most couples trying to build a successful remarriage can mysteriously bring out their deepest personal fears longings shames and hopes The key to not only survival but living this journey well begins with discovering opportunities to heal and to succeed it is not about blame or badness With the right preparation and resources a multi home step or blended family can be a stable and solid foundation for co parents and children Gloria Lintermans is the author of THE HEALING POWER OF GRIEF The Journey Through Loss to Life and Laughter THE HEALING POWER OF LOVE Transcending the Loss of a Spouse to New Love THE NEWLY DIVORCED BOOK OF PROTOCOL How to Be Civil When You Hate Their Guts and RETCO CHIC A Guide to Fabulous Vintage and Designer Resale Shopping in North America Online Her articles have appeared in local and national magazines and she is a retired newspaper columnist whose column has been syndicated in English and Spanish language newspapers worldwide

Strangers in the House William R. Beer, 2017-07-28 If present trends in divorce and remarriage continue before the end of the century the stepfamily will outnumber all other types of family in the United States In 1980 one out of five children under the age of eight were living in stepfamilies and there were at least two million households in which the children were relation only by marriage stepsiblings or who shared only one parent in common half siblings How are these new kinds of family relationships working out In particular how are children faring in these kinds of families There are a number of books on the successes and difficulties of second marriages that involve children but most of these look at problems from the perspective of one or both spouses Popular literature in particular had emphasized the problem of the new spouse who inherits a family without really focusing on the relationships among stepsiblings *Strangers in the House* focuses on the children of these marriages both stepsiblings and half siblings and the relationships among them with the parents It is a report on how they are faring drawn from the results of original research by the author case studies of stepfamilies interviews with stepsiblings and half siblings a survey of members of the Stepfamily Association of America and participation in three step family self help groups The result is a vivid portrait of nontraditional family constellations that provides an overview of changes in American families the increased divorce and

remarriage rates and how stepfamilies differ from other families Beer identifies major problem areas in stepsibling relations and shows how youngsters are adapting to these special situations He examines classic rivalries over love attention space and property shows how these are worked out within these special circumstances The book concludes with an overview of the dynamics of sibling relations in these special families and analyzes how the stepsibling subsystem fits into the large

Remarried with Children Barbara LeBey, 2005-10-25 It s the most daunting task many parents will ever face bringing two growing families together into one brand new marriage But even though statistics show that most remarriages are at high risk especially when there are kids involved more and more people are learning how to make them work and more and more kids are coming out of them with their psyches and souls intact This honest and hopeful book looks at those successes and at some failures to show what they have in common ten essential secrets that are at the heart of a healthy blended family As a stepparent with six children in a blended family Barbara LeBey draws on her own family s hard won success as well as on extensive interviews and new research to show how to navigate the stresses sticking points pitfalls and perils most couples don t even anticipate Starting with her first controversial secret that the new marriage comes first even before the demands of the children LeBey debunks prevalent stepfamily myths and anticipates common traps Among them money issues warring stepsiblings and destructive exes A strong advocate for children including how to guard against fade out parenting she also suggests ways that in laws schools and the legal system itself could provide better support for blended families REmarried with Children is an expert compassionate down to earth book to turn to over and over again for advice support and sanity Key topics include how to Meet your children s and stepchildren s needs without letting them undermine your new marriage Understand the new roles new rules and the new relationships for children and stepchildren of a blended family Deal with angry and or manipulative exes without adding fuel to the fire Handle key decisions about finances religion traditions behavior and discipline Maintain healthy relationships with your children s grandparents and other relatives from a previous marriage Recognize warning signs of trouble ahead and get the help you need **American Stepfamilies** William R. Beer, While statistics indicate that nearly half of all first marriages in America today terminate in divorce more than three quarters of these divorces also result in remarriage producing stepfamilies Although they have become increasingly common stepfamilies are still poorly understood by stepfamily and non stepfamily members alike This book looks at the internal and external dynamics of this new family form taking the reader through a series of case studies and examining characteristic pitfalls and opportunities The author begins by comparing the basic building block of the stepfamily the remarried couple to the first married couple In successive chapters the structure of the stepfamily is considered in terms of increasing complexity from the simplest in which one of the partners has never married before and has no children to the most complex yours and ours stepfamilies in which there are children from both previous marriages and the present one The author probes the conflicts that arise between parents and children and among stepsiblings and explores the different strategies that

stepfamilies devise for resolving these tensions In the later chapters the sociohistorical origins of today's stepfamilies are traced in terms of changing values and new technologies Professor Beer argues that stepfamilies are proliferating as a result of attitudes and patterns of behavior that more than ever encourage divorce and remarriage He demonstrates on the basis of large scale evidence that stepfamilies produce children who are just as well adjusted as children brought up by both biological parents and that they will turn out to be adults who are almost as socially well adapted as those from conventional families The author concludes that stepfamilies are types of families in their own right with foreseeable difficulties and rich rewards

Stepparenting Resource Pathways, Inc, 2000-03 This unique guidebook identifies and evaluates resources that will help stepparents understand and better respond to the important issues that arise when families combine

Making Peace in Your Step-Family Harold H. Subject Guide to Books in Print, 2001

A Practical Guide to Christian Maturity & Love Nora Maiden, 2005-03-22 Summary of Book 1 this book hopes to serve as some free consultation or advice on relationships from the very heart of God and my own personal experiences 2 Relationships are out of order and steps need to be taken to get them back in order Professional or Personal relationships your own spiritual relationship with God the Whole Body of Christ relationship with God and Christians relationships with each other 3 God can never have a fulfilled relationship with you until you get your priorities straight 4 The Depth of the Love of God God loved the world first man second and the church third God loved human creation so much that he gave him dominion over all the earth How have we returned this great favor We have polluted the water land animals plants and vegetation We have not taken care of each other or spiritual matters that concern God Lastly this book about the Sacrifice of God He gave his only begotten son He gave his only begotten son Jesus Christ represents LOVE and the Bible represents COUNSEL

Focus on Families Ruth K. J. Cline, 1990 Chapters discuss topics related to the family and include annotated lists of resources such as fiction nonfiction and nonprint materials organizations and hotlines

Jewish Marital Status Carol Diamant, 1989 There are many kinds of Jewish families traditional divorced remarried intermarried this book explores the different family life situations and advocates reaching out to those who live in less traditional family units

Public and Private Families Andrew J. Cherlin, 2000 This text examines the family through two lenses the familiar private family in which we live most of our personal lives and the public family in which we as adults deal with broader societal issues such as raising the next generation and the care of the elderly Consequently the selected readings look both at intimate personal concerns such as whether to marry as well as societal concerns such as governmental policies that affect families The author introduces each chapter providing helpful lead ins to the readings that follow The 32 readings in this edition are comprised of a well balanced

mix of highly accessible selections from the popular press as well as articles from scholarly journals This reader serves as an excellent companion to other texts in the sociology of marriage and the family and as a useful source of information on its own It is an excellent supplement to Cherlins text Public and Private Families An Introduction Its 16 chapters which address contemporary issues such as the history of the family welfare and welfare reform divorce and step parenting are keyed to the 16 chapters in Cherlins text
