Love it Or Leave It? Erling Jorstad,1972 **The Publishers Weekly** ,1901 The Publishers' Trade List Annual ,1974 **The Lutheran Witness** ,1971 *Arguing for Our Lives* Robert Jensen,2013-03-08 We live in a time when public discourse is more skewed than ever by the propaganda that big money can buy with trust in the leadership of elected officials at an all time low The news has degenerated into sensationalist sound bites and the idea of debate has become a polarized shouting match that precludes any meaningful discussion It s also a time of anxiety as we re faced with economic and ecological crises on a global scale with stakes that seem higher than ever before In times like these it s essential that we be able to think and communicate clearly In this lively primer on critical thinking Robert Jensen attacks the problems head on and delivers an accessible and engaging book that explains how we can work collectively to enrich our intellectual lives Drawing on more than two decades of classroom experience and community organizing Jensen shares strategies on how to challenge conventional wisdom in order to courageously confront the crises of our times and offers a framework for channeling our fears and frustrations into productive analysis that can inform constructive action Jensen connects abstract ideas with the everyday political and spiritual struggles of ordinary people Free of either academic or political jargon this book is for anyone struggling to understand our world and contribute to making it a better place Robert Jensen is a professor in the School of Journalism at the University of Texas at Austin and a founding board member of the Third Coast Activist Resource Center This is a brave book one that packs more wisdom in its few pages than a shelf s worth of political theory because it s also a book about political practice Jensen patiently honestly and rigorously exemplifies the highest virtues of a public intellectual Raj Patel author of *Stuffed and Starved* Markets Power and the Hidden Battle for the World s Food System Debating discussion engagement with ideas that matter these are all supposed to be left to professionals specialists who talk to each other in mutually incomprehensible ways Meanwhile decades of advertising sound bites PR filtered information and internet trolling have numbed us even more But we don t have to live this way We could immediately start living in a better world one in which every conversation was an opportunity to learn more about ourselves others and the precious little world we all have to try to live on together To do that though we would have to re learn how to think and talk how to agree and disagree Robert Jensen s *Arguing For Our Lives* can help us do that Justin Podur Associate Professor York University and author of *Haiti s New Dictatorship* Pluto Press 2012 *Arguing for Our Lives* is a crucial book for reclaiming not only the pedagogical and political virtues of critical thinking but for securing the foundations for critical agency and engaged citizenship Everyone should read *Arguing for Our Lives* if they believe there is a connection between how we think and how we act how we understand democracy and how we experience and struggle for it Henry Giroux author of *Twilight of the Social Resurgent Politics in the Age of Disposability* Paradigm 2012 Paperbound Books in Print ,1975 Worldview ,1972 The Lutheran Standard ,1972 **The Critic** ,1972 **Written English** John Erskine,Hellen Erskine,1913

Mediation and Love: A Study of the Medieval Go-Between in Key Romance and Near-Eastern Texts Leyla Rouhi, 1999-02-23 This study offers a typology of the go between across key texts from antiquity and several medieval literary traditions analyzing the role of the third party in the poetics of love The work provides the indispensable context for the study of the significant transformations undergone by the go between Legal and scientific sources are taken into account alongside Latin French and English literary works and literature of the medieval Islamic period for the critique of differences and intertextual links which inform the conception of the go between The case of the Medieval Spanish go between is given a special attention due to the figure's complex relationship with diverse traditions The range covered in the work provides a comprehensive view of the figure's trajectory and representation in each text Faithfulness in Action Katharine D.

Sakenfeld, 2001-12-05 The broad outlines of God's faithfulness have of course been well known But this rereading by Professor Sakenfeld lets us see much that we have missed This book thus raises important questions not only about exegetical substance but also about the interpretive process The two belong together The combination here is a welcome articulation Walter Brueggemann from the Foreword **Leadership through the Lens** Creshema R. Murray, 2017-12-19 Television informs our perceptions and expectations of leaders and offers a guide to understanding how we as organizational actors should communicate act and relate Because of its pervasiveness as a medium and the impact it can have in influencing expectations of leadership and related behavior within organizational life television can be understood an important pedagogical tool Leadership through the Lens Interrogating Production Presentation and Power is an edited collection of 11 chapters that address representations of leadership in scripted and unscripted workplace settings showcasing the innovative ways in which diverse leadership styles are illustrated in a variety of contexts on television With a unique approach at the intersection of leadership and mass media studies this book shows how the two disciplines coexist to inform how leadership culture is produced and transformed via presentation and representations on television *Ultimate Ambiguities* Peter

Berger, Justin Kroesen, 2015-11-01 Periods of transition are often symbolically associated with death making the latter the paradigm of liminality Yet many volumes on death in the social sciences and humanities do not specifically address liminality This book investigates these ultimate ambiguities assuming they can pose a threat to social relationships because of the disintegrating forces of death but they are also crucial periods of creativity change and emergent aspects of social and religious life Contributors explore death and liminality from an interdisciplinary perspective and present a global range of historical and contemporary case studies outlining emotional cognitive artistic social and political implications **The**
