The Mystery and the World Maria Clara Bingemer,2017-02-23 In The Mystery and the World Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment The modern era is characterised by a major change in humanity s fundamental desires that means that reason has taken the place of faith Human beings in their ongoing search for a scientific understanding of the world have drifted away from seeking any essence of transcendence in their lives Bingemer examines this transition and how especially inthe postmodern era it has led to technology and superficial happiness becoming all important as opposed to the more sacred sense of contentment that governed us for centuries prior to the

Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence **Love Letters from Jesus** RosAnne C. Tetz,2000 **Not Etched in Stone** Marie A. Conn,Therese Benedict McGuire,2007 The essays presented by Professors Marie A Conn and Th r se McGuire examine stone and water as vehicles of ritual memory through the lenses of various disciplines In seven concise yet revealing chapters the authors examine instances throughout history and unbound by geography of stone and water as real or abstract objects that shape our lives possibly without our notice Chapters topics include Water as a vehicle for ritual memory from the earliest days of human history to the present day An investigation of the aesthetic principles of the Middle Ages up to the Gothic styles of cathedrals in North America Julian of Norwich the famous cloistress walled in by stone in comparison to Etty Hillesum a WWII era mystic whose small desk used to write her revealing diaries became her stone cloister cell The Irish water and stone in Finnegan s Wake Warming the stone heart of a child pummeled by the foster care system The lack of clean water that contributes to wide spread disease Group behavior and the eventualities of war through stone like uncooperative and hardened psychological states Urban God Talk Andre E. Johnson,2013-08-28 Urban God Talk Constructing a Hip Hop Spirituality edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding Urban God Talk will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future **Man Up with God** Brian E.
