Love Changes Marsha R Cook, 2002-06-12 Elaine Lewis seemed to have the ideal life with great friends and a busy social calendar. Most importantly, she had the perfect husband in Martin, a physician who loved her more than she could ever love herself. She was the envy of all her friends. But what they didn't know was that Elaine was hiding a painful secret from her past. The birth of Martin and Elaine's son Stevie forces Elaine to recall her past, and she refuses to find room for him in her heart. Stevie's birth drives a wedge between the once happily married couple, throwing Elaine into a downward spiral of gambling, adultery, and denial. Eventually, she must face her past in order to try saving her future.

Seeing as her happy family unit was falling apart, Racquel decides to go away for a few days to think things through. On her way to a healing retreat, she gets involved in a near-tragic car accident and is admitted into the ICU, where she remained unconscious for a couple of weeks. April is a busy career-orientated young woman who has just found her footing in a very well-known marketing firm. Her world literally comes to a halt when her mother almost dies in a car crash trying to get away from her father. April visits her mother everyday at the hospital, and unbeknown to her, she catches the attention of a drop-dead gorgeous British resident doctor, Jason Watson, who is still healing from the scars left by the demons of his past. As Jason and April search for their answers, their love story becomes an inspiration for Racquel and Steven as their family gains a new
