Astrology is the most interesting subject I know There are so many unanswered questions it's like our direction to live and survive on this planet with the Sun Moon Stars and People If you understand the four elements Air Fire Earth and Water and the twelve signs your life your friends and your surroundings will be peaceful Not all signs will agree do they ever This is the main reason there is no peace in our world Remember Air and Fire attracts Earth and Water attracts Do you know your element Even if you are not compatible with all signs at least try If all Signs and Elements would try to get along we could live in a peaceful world This would be our Heaven on Earth because It's All In the Stars Venus in Signs Saket

Shah,2022-02-01 Dear Reader We always wonder that every sign in Vedic astrology has different meaning and results So how does the planet sitting in it will behave So in this book I am describing how Venus will give results in different zodiac signs in most possible and descriptive way The planet behavior changes along with the sign it sits in and give different results Every sign itself is a mystery and planet sitting in sign becomes more mysterious and gives results in very different pattern Planet is nothing but a cosmic energy which in particular location in zodiac during our birth impacts our entire life the way we think and the way we behave and also controls our emotions The glands in our brain reacts to this cosmic energy and creates a certain characteristic in our life patten and day to day life and we can understand this by understanding our horoscope and by checking which sign the planet is sitting and how it impacts our thinking and life I hope you will love this book and enjoy reading Regards Saket Shah
