*Put Out Into The Deep* Emilia Fransiska Dian Widhowati, PMY, God is Love To believe in this God of unconditional Love is a lived experience in each person and in each generation everywhere on the globe and all different cultures and historical periods In the beginning of the nineteenth century we notice in the south of the Netherlands a strong movement to renew and to actualise the Catholic faith in the concrete circumstances of poverty and political neglect In this way the Congregation of the Sisters of Charity Daughters of Mary and Joseph was founded on 7 July 1820 in 's Hertogenbosch Similar to several other congregations in the same period St Vincent de Paul was their principal source of inspiration determined their charism and remained at the centre of their spirituality Religious life is essentially a lived experience of faith in which concrete persons touched by the incomprehensible Love of God dedicate their life in total surrender to this Love As a result they obey to the divine calling to be wholly

transformed in love and to become docile instruments of God's overwhelming Charity towards all vulnerable persons young and old their brothers and sisters who are stripped of their human dignity humiliated and enslaved in many subtle ways In this Vincentian congregation this divine vocation of Charity was originally implemented as a specific service to the education of blind and deaf children but widened to the care of other forgotten groups like victims of trafficking in women and discrimination or subordination of women

**Clare's Lyric** Stephanie Kuduk Weiner, 2014-04-10 This book considers the lyric poems written by John Clare and three twentieth century poets Arthur Symonds Edmund Blunden and John Ashbery who turned to him at pivotal moments in their own development These writers crafted a distinctive mode of lyric Clare's lyric that emphatically grounds its truth claims in mimetic accuracy For these writers accurate representation involves not only words that name objects describe scenes and create images pointing to a shared reality but also patterns of sound the syntactic organization of lines and the shapes of whole poems and collections of poems Their works masterfully investigate how poetic language and form can refer to the world word by word line by line and poem by poem Written in a lively and accessible style Clare's Lyric sheds light on a richly diverse body of poems and on enduring questions about how literature represents reality Weiner's attentive close readings bring the writings of Clare Symonds Blunden and Ashbery to life by revealing precisely how they captured a vital arresting and complex world in their poems Their unique approach to lyric is traced from Clare's poems about birdsong his sonnets and his later poems of loss and absence to Symonds's efforts to make amends to nature Blunden's vivid depictions of a European and English countryside scarred by the First World War and Ashbery's unbounded and bountiful landscapes This inventive study refines our understanding of the aesthetic of Romanticism the genre of lyric and the practice of literary representation and it makes a compelling case for the ongoing importance of poems about nature and social life

Measure for measure. Much ado about nothing. Midsummer-night's dream. Love's labour's lost William Shakespeare, 1826

**Love's Knowledge** Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements

**Love's Final Victory: Ultimate Universal Salvation on the Basis of Scripture and Reason** Horatio (An Orthodox Minister), 2020-09-28 The circumstances under which these pages came to be written are rather peculiar I am in favor of church unity and I had thought of writing something that would tend to bring the churches into closer harmony I am persuaded that their unity of doctrine is greater than is usually supposed I endeavored to make this apparent by citing a long list of doctrines on which the churches tacitly agree But in all faithfulness I had to recognize a striking difference of opinion when I came to speak of the doctrine of future punishment On this profound question I had to recognize that there are honest differences of opinion These could not be summarily dismissed by a hasty yea or nay There are three views that are entertained which may be expressed thus Extinction Restoration Endless Suffering Not only do these different views prevail among different churches they prevail also among individuals in all the churches In fact it would be hard to find a thoughtful church of any name in which each of these views is not represented While there is this diversity of view there ought surely to be toleration It is a profound subject I am very conscious of that yet I think there may be ultimate harmony if we are only candid enough to lay aside all prejudice and give the matter our serious and impartial consideration And surely it is worthy of that In my view there is a right conception of the matter which if generally entertained would go far to lift a dark shadow from the heart of the world For myself I may say that I was brought up in an orthodox church that professes to believe in endless suffering I had not even at a mature age examined that doctrine critically In fact I shrunk from examining it I think most people do who professedly accept it It is the doctrine of the church and the easiest way is to assume that it is all right If it was formulated by our learned and pious ancestors the usual idea is that it is good enough for us A thoughtful mind however could not but recognize that there is a serious difference on this question in different churches that are admitted to be evangelical Not only that but there is a difference between thoughtful men in the same church Hence I was led to adopt and to state my own views here The arguments that I was thus compelled to use expanded far beyond my expectation Then I recognized that a plea for unity along with the advocacy of a contested vital doctrine do not hang well together Moreover the space that I felt compelled to give to this doctrinal defense induced me to cut it loose from my plea for unity and present the matter separately

**Treason, and Other Crimes and Misdemeanours: 1407-1664** Thomas Salmon, 1719 **Coming Back Home** N. Thomas Johnson-Medland, 2018-03-06 If you have never been inside of a prison there are things you will not know about the community there You may guess at them but that is not the same What it feels like What it sounds like What goes on there these all define portions of what it is These definitions or parameters of life inside come to you quite viscerally You feel them in and through your skin before you actually give word or shape to understanding them You sense before you think The themes that come from a prison poet are varied Most poems you would not have to know the poet was a prisoner to gain access to the import of the word pictures Human experience while diverse shares some common archetypal qualities But

some will grow in meaning knowing where the poems were planted I think themes about being captive are universal but when you know the poet is in a prison it can open you to listen differently Is that a good thing I don t know But it is true
