most of modernity's essential master tropes such as secularization, instrumental reason, individual rights, economic self-interest, emancipation, system, institution, nation, empire, utopia, and life were also subjected to incisive critical and methodological reflection and revaluation. The chapters in this collection argue that Romanticism's marked ambivalence and resistance to decisive conceptualization arises precisely from the fact that Romantic authors simultaneously extended the project of European modernity while offering Romantic concepts as means for a sustained critical reflection on that very process. Focusing especially on the topics of form, both literary and organic, secularization and its political correlates, utopia and apocalypse, and the question of how one narrates the arrival of modernity, this collection collectively emphasizes the importance of understanding modernity through the lens of Romanticism rather than simply understanding Romanticism as part of modernity. This book was previously published as a special issue of *European Romantic Review*. **Canadian Books in Print. Author and Title Index**, 1975

No Way, They Were Gay? Lee Wind, 2024-11-01 A joyful and fascinating read that reminds us that LGBTQ people have always existed, thrived, and made important contributions to society. Michael D. Cohen, actor, writer, director, and acting coach. History sounds really official. Like it's all fact. Like it's definitely what happened. But that's not necessarily true. History was crafted by the people who recorded it. And sometimes those historians were biased against, didn't see, or couldn't even imagine anyone different from themselves. That means that history has often left out the stories of LGBTQIA people: men who loved men, women who loved women, people who loved without regard to gender, and people who lived outside gender boundaries. Historians have even censored the lives and loves of some of the world's most famous people, from William Shakespeare and Pharaoh Hatshepsut to Cary Grant and Eleanor Roosevelt. Join author Lee Wind for this fascinating journey through primary sources, poetry, memoir, news clippings, and images of ancient artwork to explore the hidden and often surprising queer lives and loves of two dozen historical figures. Such an important book, both enlightening and entertaining. Highly recommended for readers age 10-110. Linda Sue Park, Newbery Medalist. This fascinating look at the hidden lives of some of history's most important figures deserves a place in every library. Not to mention the hands of readers, many of whom will see much-needed reflections of themselves. Ellen Hopkins, *New York Times* bestselling author. At a time where issues of social justice are often deemed either overinflated or solved, Lee Wind makes a powerful case that queer historical erasure is an ongoing issue. Foreword Reviews

*The Circulation of Poetry in Manuscript in Early Modern England* Arthur F. Marotti, 2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid-seventeenth century, paying attention to the distinctive material, social, and literary features of these documents. The study has two main focuses: the first, the particular social environments in which texts were compiled; and second, the presence within this system of a large body of usually anonymous, rare, or unique poems. Manuscripts from aristocratic, academic, and urban professional environments are examined in separate chapters that highlight particular collections. Two chapters consider the social networking within the

university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture      Writers Directory NA NA,2016-03-05      **Sacred Profane** Gemma White,2013-05 A journal of contemporary free verse poetry by Australian and international poets on the topic of the sacred and profane aspects of life poems about madness beauty memory love and loss      **International Who's Who in Poetry** 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets      *The Oxford Companion to Children's Literature* Daniel Hahn,Michael Morpurgo,2015 The last thirty years have witnessed one of the most fertile periods in the history of children s books A fascinating reference guide to the world of children s literature this volume covers every genre from fairy tales to chapbooks school stories to science fiction comics to children s hymns      **A Comprehensive Guide to Shakespeare's Sonnets** Roland Weidle,2024-11-14 This book provides readers with the tools to unravel the complexities of one of the most difficult sonnet sequences introducing them to the literary tradition themes stylistic features and cultural contexts of the genre and the collection and offering close readings of more than 100 sonnets This combined approach enables readers not only to disentangle the complex relationships of the poems characters but also to appreciate their philosophical sensual topical and subversive qualities Of the book s two sections the first Contexts and Forms includes chapters on the sonnet tradition early publication history the structural features of the sequence and the Shakespearean sonnet as well as the main characteristics of the dramatis personae The second section Themes consists of 5 chapters and explores the theme clusters that can be identified throughout the sequence preservation writing desire deception imagination Additional features of the book include a step by step approach to a Shakespeare sonnet a model interpretation of a sonnet as well as charts and tables identifying and summarizing the sequence s mini narratives groups addressees and themes For easy reference the sonnets discussed in the book are cross referenced and listed in the index which also includes key terms and names of works and people Suggestions for further reading are provided at the end of each chapter and the annotated bibliography includes brief descriptions of the most useful works for further study      **The Mirror** Margaret Safo (Mrs.),2005-09-10      *The Facts on File Companion to British Poetry Before 1600* Michelle M.
