 Child passed in 1989 was the first universal treaty dedicated solely to the promotion and protection of the interests of
 children In its first decade the Convention achieved near universal ratification and is now the most widely ratified human
 rights treaty ever In addition as a consequence of its influence children s human rights have been mainstreamed and are now
 prioritised at all levels within the United Nations and other regional organisations This book provides the first comprehensive
 overview of the first decade of the Convention It also brings together leading scholars and activists who place the Convention
 in a wider context and revisit contemporary debates and controversies in children s rights to assess the extent to which these
 issues have been influenced by the Convention in its first decade Child Classics Georgia Alexander, Grace Alexander, 1909
