**Secession Magazine** ,1862      **The Challenge of Coleridge** David P. Haney,2001 Interweaving past and present texts The  
Challenge of Coleridge engages the British Romantic poet critic and philosopher Samuel Taylor Coleridge in a conversation  
in Hans Georg Gadamer s sense with philosophical thinkers today who share his interest in the relationship of interpretation  
to ethics and whose ideas can be both illuminated and challenged by Coleridge s insights into and struggles with this  
relationship In his philosophy poetry theology and personal life Coleridge revealed his concern with this issue as it manifests  
itself in the relation between technical and ethical discourse between fact and value between self and other and in the ethical  
function of aesthetic experience and the role of love in interpretation and ethical action Relying on Gadamer s hermeneutics  
to supply a framework for his approach Haney connects Coleridge s ideas with among others Emmanuel Levinas s other  
oriented notion of ethical subjectivity Paul Ricoeur s view about the other s implication in the self reinterpretations of Greek  
drama by Bernard Williams and Martha Nussbaum and Gianni Vattimo s post Nietzschean hermeneutics Coleridge is treated  
not as a product of Romantic ideology to be deconstructed from a modern perspective but as a writer who offers a challenge  
to our modern tendency to compartmentalize interpretive issues as a concern for literary theorists and ethical issues as a  
concern for philosophers Looking at the two together Haney shows through his reading of Coleridge can enrich our
