**Lovey Childs: a Philadelphian's Story** John O'Hara, 1970      Lovey Childs John O'Hara, 1961      The Genteel John O'Hara Pamela Carol Mac Arthur, 2009 The writer John O'Hara 1905-1970 came from Pottsville in Pennsylvania. He put his home town and the surrounding vicinity under a microscope to produce an account of The Anthracite Region that rivals Edith Wharton's descriptions of New York and Sinclair Lewis's anatomy of Sauk Centre. With the discerning eye of a local resident, O'Hara recreated this coal-rich region and its people so well that his novelettes, novellas, novels, plays, and short stories give a true record of his Pennsylvania Protectorate in the latter part of the nineteenth century and the first half of the twentieth century. In order to reveal the ethnographical, geographical, and historical authenticity of the O'Hara Canon, this book examines his writings in the context of Pottsville and the borough of Tamaqua, as well as the nearby towns and villages. The author also investigates both O'Hara's genteel upbringing and his gangster stratum. The book explores the many dimensions of O'Hara's life from the time of his birth until his escape to New York City in 1928. New sources such as unpublished letters and interviews with O'Hara's family, friends, and enemies provide important insights into O'Hara as well as into Pottsville and the surrounding region.

**The Doctor's Son** John O'Hara, 2020-08-04 Secrets emerge as a fearsome contagion in this long autobiographical story set in small-town Pennsylvania amid the influenza pandemic of 1918. The Doctor's Son concerns James Jimmy Malloy, a teenager on the uncertain edge of manhood confronted by sudden death and the loss of illusions. Having worked himself to exhaustion, his father, Doctor Mike Malloy, enlists Doctor Myers, a medical student, to treat his patients until he has recovered, and fifteen-year-old Jimmy drives Myers around the county on his rounds. O'Hara's earliest account of his fraught relationship with his formidable father, this classic tale is, in the words of New York Times cultural critic Charles McGrath, a love story really, if a frustrated, unrequited one. It is also a fascinating record of the social effects of America's first great confrontation with a global pandemic.

American Naturalistic and Realistic Novelists Edd C. Applegate, 2001-11-30 Realistic writers seek to render accurate representations of the world, and their novels contain authentic details and descriptions of their characters and settings. Like Realistic authors, Naturalistic ones similarly try to portray the world accurately, but they tend to depict the darker side of life. Realism was born in Europe in the nineteenth century and soon became popular in the United States, while Naturalism became prominent at the beginning of the twentieth century. Both traditions have continued in one form or another to the present day, and Realistic and Naturalistic novelists include some of America's most significant authors, such as Sherwood Anderson, Saul Bellow, Ambrose Bierce, Willa Cather, Theodore Dreiser, Ralph Ellison, and Jack London. This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists. An introductory essay discusses the history of the Realistic and Naturalistic traditions, points to the difficulty of defining them, and surveys the many authors who have been associated with the two movements. The entries that follow are arranged alphabetically to facilitate use. Each includes basic biographical information and a narrative

overview of the writer's educational background, professional career and published works. The writer's works are briefly discussed in relation to the Realistic and Naturalistic traditions. Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading.
