Last Tony William,2017-07-16 Everything would be fine if we lived in the same town state country is the common reason many men and women give for a long distance relationship not working out Yes distance can put an enormous strain on a relationship but claiming that distance is the only reason a relationship didn t work out or cannot work is putting your hands over your ears and shouting Land because the truth is it s too much to handle I ve met many men and women who won t try long distance relationships because according to them long distance relationships just don t work That simply isn t true Long distance relationships Can and do work if the two individuals involved want it to In my opinion the question is not do long distance relationships work But rather Do both of you want to make it work If you both want to make it work distance is just another obstacle that two people who truly love each other can easily overcome if they really want to These simple to follow tips will help your long distance relationship not only survive distance they ll also help you lay a strong foundation for a relationship that is fun fulfilling and successful last The internet highway has changed the way we live and the way we love It has changed the way we socialize and it has also increased the likelihood of finding love over the internet Conversations are easy to strike up with regularity and it s easy to discover that you have strong feelings for someone who lives hundreds or thousands of miles away from you Many people are choosing to have long distance relationships Long distance relationships might feel wonderful at first However they come with their own set of unique challenges as well Many couples are blind sided by the impact a long distance relationship can have on their daily life This person can now feel so close to you because of the internet and yet in reality remain so far away The paradox is weighty The more prepared you are to handle the situation the better equipped you both will be to make decisions along the way that will benefit you and your special someone and possibly make it a safer and enjoyable experience
