

TO THE PASSENGERS on the bus *Cochetas de la México* travelling between the capital and San Luis Potosí in four hours, more or less, once out of the ever-spreading suburbs that ring the city of México there is little to break the monotonous gradient of the high plains. For most of the journey, the bus traverses a dry upland country, only gradually fringed, that runs in scarcely perceptible undulations toward distant mountains the color of twilight. Occasionally some cattle are grazing single file along the dried-up bed of an arroyo. Once or twice a countryman is hurrying his donkeys across the highway with the help of a stout rope and a handle of twigs that serves as a switch. Now and then the passengers who have not dozed off in their reclining seats, or lost themselves in a newspaper or book, may notice a kind of interruption in the continuous vacancy of the countryside, a house perhaps so unobtruded by the vastness of the surrounding country that it does its best to conceal itself. Low, built of mud bricks, roofed with thatch or the broad curved leaves of the agave cactus, and enclosed by a mud wall or a living fence of cactus cactus, its camouflage is perfect.

In such a neighborhood, set well back from the main road and reached only by a straggling dirt track over which the Señor Tio hesitated to risk his expensive car, Julia lived where she had grown up with her sister, Lucía Florencia, the wife of the Señor Tio.

Inside the house there is a ferment of activity like that inside an ant hill. Evening has fallen, and the men are home from the fields. In the darkening patio with its floor of packed earth, crowded with flowering plants bedded out and in

literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature The Oxford History of the Novel in English Cyrus R. K. Patell, Deborah Lindsay Williams, 2024-03-05 The Oxford History of the Novel in English is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public's attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States

The Novel Histories of Galdos Diane Faye Urey, 2014-07-14 Benito Pérez Galdós 1843-1920 occupies a position in Spanish literature surpassed only by Cervantes and like him made a major contribution to the European novel that is now becoming widely recognized In a semiological approach to the second period of *Episodios Nacionales* Diane Urey demonstrates the relevance of these twenty-six novels the least studied of Galdós's works to fundamental issues such as the relationship between history and fiction and between mimesis and creation Her findings of ambiguity irony and allegory in this writer's highly self-conscious historical novels will revise our views of Galdós's place in European letters while offering new insights into a general theory of historical fiction Diane Urey offers an alternative to referential or ideological interpretations of the *Episodios* by stressing the indeterminate textuality of historical incidents and the fictionality of historical discourse Drawing on Derrida De Man Foucault and Hayden White she applies a wide range of narrative theory to these texts and concludes that novel and history are interchangeable modes of discourse because they rely necessarily on the same narrative strategies Originally published in 1989 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Gender and Nation in the Spanish Modernist Novel Roberta Johnson, 2003 Offering a fresh revisionist analysis of Spanish fiction from 1900 to 1940 this study examines the work of both men and women writers and how they practiced differing forms of modernism As Roberta Johnson notes Spanish male novelists emphasized technical and verbal innovation in representing the contents of an individual consciousness and thus were more modernist in the usual understanding of the term Female writers on the other hand were less aesthetically innovative but engaged in a social modernism that focused on domestic issues gender roles and relations between the sexes Compared to the more conventional even reactionary ways their male counterparts treated such matters Spanish women's fiction in the first half of the twentieth century was often

revolutionary The book begins by tracing the history of public discourse on gender from the 1890s through the 1930s a discourse that included the rise of feminism Each chapter then analyzes works by female and male novelists that address key issues related to gender and nationalism the concept of intrahistoria or an essential Spanish soul modernist uses of figures from the Spanish literary tradition notably Don Quixote and Don Juan biological theories of gender prevalent in the 1920s and 1930s and the growth of an organized feminist movement that coincided with the burgeoning Republican movement This is the first book dealing with this period of Spanish literature to consider women novelists such as Maria Martinez Sierra Carmen de Burgos and Concha Espina alongside canonical male novelists including Miguel de Unamuno Ramon del Valle Inclan and Pio Baroja With its contrasting conceptions of modernism Johnson s work provides a compelling new model for bridging the gender divide in the study of Spanish fiction *The Uncomfortable Dead (What's Missing Is Missing)*

Subcomandante Marcos,Paco Ignacio Taibo,2025-07-01 A stylized reissue of the acclaimed surreal noir collaboration between Mexico s greatest writer and its most courageous revolutionary Taibo s expertise ensures a smart funny book and Marcos brings a wry sense of humor Publishers Weekly In alternating chapters Zapatista leader Subcomandante Marcos and the consistently excellent Paco Ignacio Taibo II create an uproarious murder mystery with two intersecting storylines The chapters written by the famously masked Marcos originate in the mountains of Chiapas Mexico There the fictional Subcomandante Marcos assigns Elias Contreras an odd but charming mountain man to travel to Mexico City in search of an elusive and hideous murderer named Morales The second story line penned by Taibo stars his famous series detective Hector Belascoaran Shayne Hector guzzles Coca Cola and smokes cigarettes furiously amidst his philosophical and always charming approach to investigating crimes in this case the search for his own Morales The two stories collide absurdly and dramatically in the urban sprawl of Mexico City The ugly history of the city s political violence rears its head and both detectives find themselves in an unpredictable dance of death with forces at once criminal historical and political Readers expecting political heavy handedness will be disarmed by the humility and playful self mocking that runs throughout the book

Archival Dissonance in the U.S. Cuban Post-Exile Novel Gregory Helmick, 2016-01-14 Archival Dissonance in the U S Cuban Post Exile Novel documents a body of emergent US Cuban literature published in Spanish and English beyond the scope and historicity of exile Focusing on the work of Roberto G Fernandez Ana Men ndez and Antonio Ben tez Rojo the book proposes that rather than reinforce US Cuban exile ethnic identity developed between 1960 and the 1980s or demonstrate a tendency toward cultural assimilation Americanization over three generations of writers the discussed historical novels incorporate Caribbean and Latin American archival sources and interpretive frameworks in order to develop a critical and investigative approach to the politics of Cuban exile historiography Published before the recent apertura between the US and Cuban governments these post exile novels anticipate themes of displacement migration and social marginalization as common rather than exceptional features of modern and historical life as well as such other current and historical topics as gender construction and performance figurations of race the commoditization of culture and urban poverty The post exile historical novel points to a future for US Cuban narrative and historiography in part by investigating and featuring dissonances hidden or unacknowledged in previous Cuban exile historical fiction The literature studied in this book further reinforces a view of two way migration between Cuba and the United States as a normal phenomenon predating 1959 and at the same time as a likely shape of things to come
