Smith,2018-01-16 The understanding of history can be advanced only by the combination or alternation of analysis and synthesis Detailed research and generalizing survey are not antiethical but complementary For a long time however the specialist has reigned supreme in our schools The need is now surely for a return to synoptic writing The present work was undertaken to supply the need of a synthesis It is a map of a large region not a geological chart of a square mile or the plan of a single city Its value if any lies in its view of the interrelations of large tracts of social and intellectual life not in the intensive investigation of narrow fields

Riding Lucifer's Line Bob Alexander, 2013 The Texas Mexico border is trouble Haphazardly splashing across the meandering Rio Grande into Mexico is or at least can be risky business hazardous to one's health and well being Kirby W Dendy the Chief of Texas Rangers corroborates the sobering reality As their predecessors for over one hundred forty years before them did today's Texas Rangers continue to battle violence and transnational criminals along the Texas Mexico border In *Riding Lucifer's Line* Bob Alexander in his characteristic storytelling style surveys the personal tragedies of twenty five Texas Rangers who made the ultimate sacrifice as they scouted and enforced laws throughout borderland counties adjacent to the Rio Grande The timeframe commences in 1874 with formation of the Frontier Battalion which is when the Texas Rangers were actually institutionalized as a law enforcing entity and concludes with the last known Texas Ranger death along the border in 1921 Alexander also discusses the transition of the Rangers in two introductory sections The Frontier Battalion Era 1874 1901 and The Ranger Force Era 1901 1935 wherein he follows Texas Rangers moving from an epochal narrative of the Old West to more modern technological times Written absent a preprogrammed agenda *Riding Lucifer's Line* is legitimate history Adhering to facts the author is not hesitant to challenge and shatter stale Texas Ranger mythology Likewise Alexander confronts head on many of those critical Texas Ranger histories relying on innuendo and gossip and anecdotal accounts at the expense of sustainable evidence writings often plagued with a deficiency of rational thinking and common sense *Riding Lucifer's Line* is illustrated with sixty remarkable old time photographs Relying heavily on archived Texas Ranger documents the lively text is authenticated with more than one thousand comprehensive endnotes

about Carl Unger Dr Carl Unger for many years past has always been the most industrious and devoted collaborator in the anthroposophic movement At an early date Dr Unger saw that Anthroposophy before all needs a strong foundation of the theory of knowledge With a deep understanding he took up what I myself many years ago was able to give in my books Goethe's Theory of Knowledge Truth and Knowledge and Intuitive Thinking as a Spiritual Path A Philosophy of Freedom he developed independently what I had intimated Supported by mental discernment his goal was to see through the nature of the human process of knowledge in a clear analysis and from that to form its true picture Dr Unger is not dialectical but an observer of empirical facts This is why through the years he has been able to give results of the highest value showing how the process of knowledge in ordinary consciousness produces always and everywhere out of itself the impulses to anthroposophic investigation Moreover Dr Unger's method of thinking trained through technical problems is free from subjective vagueness and thus his scientific collaboration in Anthroposophy is the most important that we can have The Language of the Consciousness Soul is an indispensable guidebook for group study and for individuals who wish to penetrate the depths of Anthroposophy and apply its principles both inwardly and to daily life This volume is an edited translation by Effie Grace Wilson of *Aus der Sprache der Bewusstseinsseele Unter Zugrundelegung der Leitsätze Rudolf Steiners* **The Cambridge bibliography of English literature. 3. 1800 - 1900** Frederick Wilse Bateson, 1940 **The Reality of ESP** Russell Targ, 2012-12-19 On February 4 1974 members of the Symbionese Liberation Army kidnapped nineteen year old newspaper heiress Patricia Hearst from her Berkeley California apartment Desperate to find her the police called physicist Russell Targ and Pat Price a psychic retired police commissioner As Price turned the pages of the police mug book filled with hundreds of photos suddenly he pointed to one of them and announced That's the ringleader The man was Donald DeFreeze who was indeed subsequently so identified Price also described the type and location of the kidnap car enabling the police to find it within minutes That remarkable event is one reason Targ believes in ESP Another occurred when his group made 120 000 by forecasting for nine weeks in a row the changes in the silver commodity futures market As a scientist Targ demands proof His experience is based on two decades of investigations at the Stanford Research Institute SRI which he cofounded with physicist Harold Puthoff in 1972 This twenty million dollar program launched during the Cold War was supported by the CIA NASA the Defense Intelligence Agency and Army and Air Force Intelligence The experiments they conducted routinely presented results could have happened by chance less than once in a million Targ describes four types of experiments Remote Viewing in which a person describes places and events independent of space and time For example while in California Price drew to scale a Soviet weapons factory at Semipalatinsk with great accuracy later confirmed by Satellite photography In another remote viewing Targ accurately sketched an airport in San Andreas Columbia himself Distant Mental Influence where the thoughts of the experimenter can positively or negatively affect the physiology heart rate skin resistance etc of a distant person Whole field isolation where someone in a state of sensory isolation accurately describes the visual

experiences of someone else in another place Precognition and retrocausality showing that the future can affect the past That is the elephant you see on television in the morning can be the cause of your having dreamed about elephants the previous night Final chapters present evidence for survival after death explain how ESP works based on the Buddhist Hindu view of our selves as nonlocal eternal awareness discuss the ethics of exercising psychic abilities and show us how to explore ESP ourselves I am convinced Targ says that most people can learn to move from their ordinary mind to one not obstructed by conventional barriers of space and time Who would not want to try that
