Richard A. Horsley

Magic And The Millenium:

Magic and the Millennium Bryan R. Wilson, 1973 Empowering the People Richard A. Horsley, 2022-03-25 In this innovative study Horsley builds on his earlier works concerning the problematic and misleading categories of magic and miracle to examine in depth the meaning and importance of the narratives of healing and exorcism in the Gospels Incorporating his work on oral performance and turning to important works in medical anthropology a new image emerges of how these narratives help us re evaluate Jesus s place in first century Galilee and Judea In his exorcisms and healings Jesus in interaction was empowering the villagers in their struggles for renewal of personal and communal dignity in resistance to invasive Roman rule

Magic and the Millenium Bryan R. Wilson, 1975 Angels, Demons & Gods of the New Millenium Lon Milo Duquette, 1997-09-01 Are angels and demons real What makes the New Age the New Age Does consciousness survive death Writing from the perspective of a practicing ceremonial magician one of America s most knowledgeable and engaging authorities on Western Hermeticism answers these questions and many more with humor and personal anecdotes Illustrated and with color fold out

Religion in Europe at the End of the Second Millenium Andrew M. Greeley, 2017-07-05 Most sociologists of religion describe a general decline in religious faith and practice in Europe over the last two centuries The secularizing forces of the Enlightenment science industrialization the influence of Freud and Marx and urbanization are all felt to have diminished the power of the churches and demystified the human condition In Andrew Greeley s view such overarching theories and frameworks do not begin to accommodate a wide variety of contrasting and contrary social phenomena Religion at the End of the Second Millennium engages the complexities of contemporary Europe to present a nuanced picture of religious faith rising declining or remaining stable

Jesus and Magic Richard A. Horsley, 2014-10-27 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus s healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus s healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley s reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms
