Magic Body And Social Order

Yseult De Blecourt, Owen Davies

Magic Body And Social Order:

Magic, Body and Social Order Laura Stark-Arola, 1998 Magic rituals and belief were an important part of everyday life in rural Finland surviving even into this century Numerous descriptions of Finnish women's magic rituals have been recorded over the past 150 years yet we actually know little about the unusual world of women's private magic and women's own motivations in performing it This book focuses on magic rituals practised by and for women as well as pollution beliefs about women and explores how these rituals and taboos reveal gender dynamics and symbolism in traditional Finnish culture By applying anthropological perspectives to the folklore materials the author provides new insights into concepts of body and pollution female sexuality and gender inequality Many of the original source materials on women's magic rituals are translated into English for the first time here This book will be of major interest to students and scholars of Finnish folk belief gender studies and women's folklore

Magic, Body and the Self in Eighteenth-Century Sweden Jacqueline Van Gent, 2009 Contrary to previous assumptions magic remained an integral part of everyday life in Enlightenment Europe This book demonstrates that the endurance of magical practices both benevolent and malevolent was grounded in early modern perceptions of an interconnected body self and spiritual cosmos Drawing on eighteenth century Swedish witchcraft trials which are exceptionally detailed these notions of embodiment and selfhood are explored in depth The nuanced analysis of healing magic the role of emotions the politics of evidence and proof and the very ambiguity of magical rituals reveals a surprising syncretism of Christian and pre Christian elements The book provides a unique insight to the history of magic and witchcraft the study of eighteenth century religion and culture and to our understanding of body and self in the past

Witchcraft continued Yseult De Blecourt, Owen Davies, 2018-07-30 The study of witchcraft accusations in Europe during the period after the end of the witch trials is still in its infancy Witches were scratched in England swum in Germany beaten in the Netherlands and shot in France The continued widespread belief in witchcraft and magic in nineteenth and twentieth century France has received considerable academic attention The book discusses the extent and nature of witchcraft accusations in the period and provides a general survey of the published work on the subject for an English audience It explores the presence of magical elements in everyday life during the modern period in Spain The book provides a general overview of vernacular magical beliefs and practices in Italy from the time of unification to the present with particular attention to how these traditions have been studied By functioning as mechanisms of social ethos and control narratives of magical harm were assured a place at the very heart of rural Finnish social dynamics into the twentieth century The book draws upon over 300 narratives recorded in rural Finland in the late nineteenth and early twentieth centuries that provide information concerning the social relations tensions and strategies that framed sorcery and the counter magic employed against it It is concerned with a special form of witchcraft that is practised only amongst Hungarians living in Transylvania An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *More Than*

Mythology Catharina Raudvere, Jens Peter Schjødt, 2012-01-01 The religion of the Viking Age is conventionally identified through its mythology the ambiguous character Odin the forceful Thor and the end of the world approaching in Ragnar k But pre Christian religion consisted of so much more than mythic imagery and legends and lingered for long in folk tradition Studying religion of the North with an interdisciplinary approach is exceptionally fruitful in both empirical and theoretical terms and in this book a group of distinguished scholars widen the interpretative scope on religious life among the pre Christian Scandinavian people The authors shed new light on topics such as rituals gender relations social hierarchies and inter regional contacts between the Nordic tradition and the Sami and Finnish regions The contributions add to a more complex view of the pre Christian religion of Scandinavia with relevant new questions about the material and a broad analysis of religion as a cultural expression

Magic Owen Davies, 2012-01-26 Defining magic is a maddening task Over the last century numerous philosophers anthropologists historians and theologians have attempted to pin down its essential meaning sometimes analysing it in such complex and abstruse depth that it all but loses its sense altogether For this reason many people often shy away from providing a detailed definition assuming it is generally understood as the human control of supernatural forces Magic continues to pervade the popular imagination and idiom People feel comfortable with its contemporary multiple meanings unaware of the controversy conflict and debate its definition has caused over two and a half millennia In common usage today magic is uttered in reference to the supernatural superstition illusion trickery religious miracles fantasies and as a simple superlative The literary confection known as magical realism has considerable appeal and many modern scientists have ironically incorporated the word into their vocabulary with their magic acid magic bullets and magic angles Since the so called European Enlightenment magic has often been seen as a marker of primitivism of a benighted earlier stage of human development Yet across the modern globalized world hundreds of millions continue to resort to magic and also to fear it Magic provides explanations and remedies for those living in extreme poverty and without access to alternatives In the industrial West with its state welfare systems religious fundamentalists decry the continued moral threat posed by magic Under the guise of neo Paganism its practice has become a religion in itself Magic continues to be a truly global issue This Very Short Introduction does not attempt to provide a concluding definition of magic it is beyond simple definition Instead it explores the many ways in which magic as an idea and a practice has been understood and employed over the millennia

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Her Own Worth Eerika Koskinen-Koivisto, 2014 In this study I examine the life narrative of a female factory labourer Elsa Koskinen nee Kiiikkala born in 1927 I analyze her account of her experiences related to work class and gender because I seek to gain a better understanding of how changes in these aspects of life influenced the ways in

which she saw her own worth at the time of the interviews and how she constructed her subjectivity Elsa's life touches upon many of the core aspects of 20th century social change changes in women's roles the entrance of middle class women into working life women's increasing participation in the public sphere feminist movements upward social mobility the expansion of the middle class the growth of welfare and the appearance of new technologies What kind of trajectory did Elsa take in her life What are the key narratives of her life How does her narrative negotiate the shifting cultural ideals of the 20th century A life story a retrospective evaluation of a life lived is one means of constructing continuity and dealing with the changes that have affected one's life identity and subjectivity In narrating one's life the narrator produces many different versions of her/himself in relation to other people and to the world These dialogic selves and their relations to others may manifest internal contradictions Contradictions may also occur in relation to other narratives and normative discourses Both of these levels subjective meaning making and the negotiation of social ideals and collective norms are embedded in life narratives My interest in this study is in the ways in which gender and class intersect with paid labour in the life of an ordinary female factory worker I approach gender class and work from both an experiential and a relational perspective considering the power of social relationships and subject formations that shape individual life at the micro level In her narratives Elsa discusses ambivalence related to gendered ideals social class and especially the phenomenon of social climbing as well as technological advance I approach Elsa's life and narratives ethnographically The research material was acquired in a long standing interview process and the analysis is based on reflexivity of the dialogic knowledge production and contextualization of Elsa's experiences In other words I analyze Elsa's narratives in their situational but also socio cultural and historical contexts Specific episodes in one's life and other significant events constitute smaller narrative entities which I call micro narratives The analysis of micro narratives key dialogues and cultural ideals embedded in the interview dialogues offers perspectives on experiences of social change and the narrator's sense of self

Myth and Mentality Anna-Leena Siikala, 2019-01-10 The recent fascination in Finnish folklore studies with popular thought and the values and emotions encoded in oral tradition began with the realisation that the vast collections of the Finnish folklore archives still have much to offer the modern day researcher These archive materials were not only collected by scholars but also by the ordinary rural populace interested in their own traditions by performers and their audiences With its myriad voices this body of source material thus provides new avenues for the researcher seeking to penetrate popular thought What does oral tradition tell us about the way its performers think and feel What sorts of beliefs and ideas are transmitted in traditional songs and narratives Perspectives from the study of mentalities and cultural cognition research provide a framework for investigating these issues This collection of articles works from the premise that the cultural models which shape mentalities give rise to manifest expressions of culture including folklore These models also become embedded in the representations appearing in folklore and are handed down from one generation to the next The topics of the book cover age old myths and world views concepts

of witchcraft and the Devil stretching back to the Middle Ages and the values and collective emotions of Finnish and Hungarian agrarian communities

Physical and Cultural Space in Pre-Industrial Europe Marko Lamberg, Marko Hakanen, Janne Haikari, 2011-01-11 Written by 19 scholars of history archaeology and ethnology this book takes a multidisciplinary approach to European spaces of the past and the human agents within them Prior to the Industrial Era the geography of Europe posed problems but also offered possibilities for its people Distances created obstacles to communication and state formation but at the same time inhabitants and officials in peripheral areas gained room to pursue more independent action allowing unique customs to flourish Focusing on northern Europe this history answers how early modern Europeans rulers officials aristocrats scholars priests and commoners perceived utilized and organized the space around them

The Witch Ronald Hutton, 2017-08-01 This magisterial account explores the fear of witchcraft across the globe from the ancient world to the notorious witch trials of early modern Europe The Guardian UK The witch came to prominence and often a painful death in early modern Europe yet her origins are much more geographically diverse and historically deep In The Witch historian Ronald Hutton sets the European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft Hutton a renowned expert on ancient medieval and modern paganism and witchcraft beliefs combines Anglo American and continental scholarly approaches to examine attitudes on witchcraft and the treatment of suspected witches across the world including in Africa the Middle East South Asia Australia and the Americas and from ancient pagan times to current interpretations His fresh anthropological and ethnographical approach focuses on cultural inheritance and change while considering shamanism folk religion the range of witch trials and how the fear of witchcraft might be eradicated A panoptic penetrating book Malcolm Gaskill London Review of Books

The Power of a Tale Haya Bar-Itzhak, Idit Pintel-Ginsberg, 2019-11-11 Scholars and students interested in Jewish folklore and literature will appreciate this diverse collection as well as readers interested in Jewish and Israeli culture

Magic Body And Social Order Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Magic Body And Social Order free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Magic Body And Social Order free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Magic Body And Social Order free PDF files is convenient,

its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Magic Body And Social Order. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Magic Body And Social Order any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Magic Body And Social Order Books

1. Where can I buy Magic Body And Social Order books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
