Le Town Empire James Ashton,2012-08-22 Rambling unfocused convoluted and wildly entertaining Le Town Empire is at once a work of experimental fiction a love letter a satire of the avant garde and a literary scrapbook It s narrator welcomes his reader to the city of Toronto Ontario a town overcome by self righteousness self importance and private self loathing with which as with it s inhabitants he maintains the strictest of love hate relationships But never more so than with himself He is constantly in conflicting views of himself due to his philosophy of individuality but also to his remorse for his lost love The

novel explores its narrator's desire to change his identity and escape his surroundings while simultaneously being made undeniably aware of the impossibility of doing so. He is forever tied and bound to his identity and to those around by a network of tired memories, experiences, and personal connotations. *The Town of Dread* is a grandiose celebration of meaninglessness and redundancy.
