STJ Heron,2022-05-04 What stake do we as Foundational Black Americans really have to claim in the history of this country this continent and the world if any When you think of Foundational Black Americans formerly misnomered as African Americans Negroes Coloreds Black what thought comes to mind and what accomplishments are we known for Were we slaves brought to this country by force low class citizens of a foreign nation with no home to call their own Or is there more to the story so much more that even the mere mention of our accolades would discredit the history of the masses What if I were to tell you that our history in this

country from the perspective that everything we have been taught is but a half truth Who built the buildings roads and monuments in this country Where did those people come from and where did they go Where did the many science technology and artforms of the country and the world develop What is the hidden history behind what we are taught but most importantly why is this knowledge kept from us This book will capture some of the lesser known accomplishments and esoteric information that has been passed down word of mouth by some and systematically discredited by others Fortunately true knowledge can neither cease nor desist and this text will show what you can do to utilize that information today It is time that we take our own history by the rungs away from those who would paint an inaccurate picture of our past This will allow us to re introduce ourselves not for exposure and clout but for self vindication and reasonable doubt **Super Mind, Super Body** Jaime T. Licauco, Cory Quirino, 2017-10-12 Ancient wisdom originally believed that the body mind and spirit were interconnected Today more than ever modern medical experts consider this ancient wisdom as a gospel A new era of consciousness is slowly but surely emerging Long time friends Jimmy Licauco and Cory Quirino combined their individual expertise into one concise book that may very well become the ultimate guide for living well and looking good **Basic Sigil Magic** Phillip Cooper, 2001-06-01 The most effective way to communicate with your subconscious is via magically charged symbols or sigils Cooper shows you how to create sigils and use simple rituals to charge them with power He also teaches you the importance of using color and the seven planetary energies to enhance the power of your sigils Illustrated With bibliography index **Esoteric Magic and the Cabala** Phillip Cooper, 2002-11-15 A manual for developing inner guidance and concentration through meditations and rituals for the practice of high magic The study of magic is divided into two distinct disciplines practical and esoteric Practical magic uses the power of the mind to attain physical results such as more money a bigger house better health Esoteric magic the subject of Phillip Cooper s new book focuses on the quest for greater understanding and mental discipline Its aims are the discovery of inner truths and the understanding of the workings of creation In his typical no nonsense manner Cooper conveys the principles of esoteric magic and offers a positive realistic means of studying and understanding magic on a deeply personal level Esoteric Magic and the Cabala helps readers train their minds their emotions and their imaginations to more fully understand reality Esoteric Magic and the Cabala is both positive and realistic It helps readers learn to use the Tree of Life as a means of classifying knowledge of observing an interrelated whole a method that provides the tools for endless self discovery It offers a complete workable plan of study that novices will find easy to understand and advanced practitioners will find refreshing and stimulating after the usual confusing and dogmatic magic texts *The Publishers Weekly* ,1993
