Magus 1st Edition:

The Secret Doctrine: Occultism (1st ed. 1897) Helena Petrovna Blavatsky, 1897 **The State of Stylistics**, 2008-01-01 The State of Stylistics contains a broad collection of papers that investigate how stylistics has evolved throughout the late 20th and early 21st centuries In so doing it considers how stylisticians currently perceive their own respective fields of enquiry It also defines what stylistics is and how we might use it in research and teaching *The Quality of Literature* Willie van Peer, 2008-03-19 Evaluation is central to literary studies and has led to an impressive list of publications on the status and history of the canon Yet it is remarkable how little attention has been given to the role of textual properties in evaluative processes Most of the chapters in *The Quality of Literature* redress this issue by dealing with texts or genres ranging from classical antiquity via Renaissance to twentieth century They provide a rich textual and historical panorama of how critical debate over literary quality has influenced our modes of thinking and feeling about literature and how they continue to shape the current literary landscape Four theoretical chapters reflect on the general state of literary evaluation while the introduction weaves the different threads together aiming at further conceptual clarification This book thus contributes to a deeper understanding of the problems that are at the heart of past and present debates over literary quality Focus On: 100 Most Popular Fantasy Anime and Manga Wikipedia contributors,

Genealogical chronology of the world before Christ, ed. by K.A. McMurdo Albert Welles, 1889 **AB Bookman's Weekly**, 1996 *Sexuality, Iconography, and Fiction in French* Jason James Hartford, 2018-02-19 This book explores the modern cultural history of the queer martyr in France and Belgium By analyzing how popular writers in French responded to Catholic doctrine and the tradition of St Sebastian in art *Queering the Martyr* shows how religious and secular symbols overlapped to produce not one but two martyr types These are the queer type typified first by Gustave Flaubert which is a philosophical foil and the gay type popularized by Jean Genet but created by the Belgian Georges Eekhoud which is a political and pornographic device Grounded in feminist queer theory and working from a post psychoanalytical point of view the argument explores the potential and limits of these two figures noting especially the persistence of misogyny in religious culture Encyclopedia of Early Christianity Everett Ferguson, 2013-10-08 First published in 1997 What's new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps The Publishers' Circular and Booksellers' Record, 1929

Filming John Fowles James Aubrey, 2015-07-11 John Fowles wrote five compelling stories later made into motion pictures This book examines for the first time the film and video adaptations of these stories as well as Fowles's role in adapting his literary genius to visual media Besides his authorship of the screenplay for *The Magus* 1968 Fowles was an uncredited contributor to *The Collector* 1965 and *The French Lieutenant's Woman* 1971 and to the British television adaptations *The Ebony Tower* and *The Enigma* His unpublished short story *The Last Chapter* was adapted as a theatrical short film satirizing the James Bond novels Few are aware that the 1997 thriller *The Game* was a brilliant adaptation of *The Magus* or that Fowles himself acted out scenes from that novel for a Greek television documentary This book gives deserved recognition to John Fowles as a contributor to cinema a medium he both loved and distrusted where his stories acquired vivid alternative lives
