Mahavastu Trans Sanskrit Vol :

Shared Characters in Jain, Buddhist and Hindu Narrative Naomi Appleton, 2016-11-25 Taking a comparative approach which considers characters that are shared across the narrative traditions of early Indian religions Brahmanical Hinduism Jainism and Buddhism Shared Characters in Jain Buddhist and Hindu Narrative explores key religious and social ideals as well as points of contact dialogue and contention between different worldviews The book focuses on three types of character gods heroes and kings that are of particular importance to early South Asian narrative traditions because of their relevance to the concerns of the day such as the role of deities the qualities of a true hero or good ruler and the tension between worldly responsibilities and the pursuit of liberation Characters including character roles and lineages of characters that are shared between traditions reveal both a common narrative heritage and important differences in worldview and ideology that are developed in interaction with other worldviews and ideologies of the day As such this study sheds light on an important period of Indian religious history and will be essential reading for scholars and postgraduate students working on early South Asian religious or narrative traditions Jain Buddhist and Hindu as well as being of interest more widely in the fields of Religious Studies Classical Indology Asian Studies and Literary Studies [Bookseller's catalogues](#) Thornton J. and son, 1883

Early Buddhist Narrative Art Patricia E. Karetzky, 2000-04-26 Early Buddhist Narrative Art is a pictorial journey through the transmission of the narrative cycle based on the life of the historical Buddha Karetzky while demonstrating the various evolutions that the image of the Buddha underwent maintains that there is an underlying homogeneity of the tradition in the cultures of India Central Asia China and Japan The author while focusing on the visual representation of the Buddhist narrative goes into some detail regarding the importance of scriptures in each society and how the written tradition informed the pictorial Over seventy photos fill this book which will be of interest to scholars of art history Eastern religion and Buddhism in particular

Dreamworlds of Shamanism and Tibetan Buddhism Angela Sumegi, 2008-05-08 Explores shamanic and Tibetan Buddhist attitudes toward dreams [Stars at Dawn](#) Wendy Garling, 2016-08-30 In this retelling of the ancient legends of the women in the Buddha's intimate circle lesser known stories from Sanskrit and Pali sources are for the first time woven into an illuminating coherent narrative Interspersed with original insights fresh interpretations and bold challenges to the status quo these stories invite us to open our minds to a new understanding of women's roles in the Buddha's life and in early Buddhism

Roaming Free Like a Deer Daniel Capper, 2022-03-15 By exploring lived ecological experiences across seven Buddhist worlds from ancient India to the contemporary West Roaming Free Like a Deer provides a comprehensive critical and innovative examination of the theories practices and real world results of Buddhist environmental ethics Daniel Capper clarifies crucial contours of Buddhist vegetarianism or meat eating nature mysticism and cultural speculations about spirituality in nonhuman animals Buddhist environmental ethics often are touted as useful weapons in the fight against climate change However two formidable but

often overlooked problems with this perspective exist First much of the literature on Buddhist environmental ethics uncritically embraces Buddhist ideals without examining the real world impacts of those ideals thereby sometimes ignoring difficulties in terms of practical applications Moreover for some understandable but still troublesome reasons Buddhists from different schools follow their own environmental ideals without conversing with other Buddhists thereby minimizing the abilities of Buddhists to act in concert on issues such as climate change that demand coordinated large scale human responses With its accessible style and personhood ethics orientation *Roaming Free Like a Deer* should appeal to anyone who is concerned with how human beings interact with the nonhuman environment *The Buddhist Theory of Self-Cognition*

Zhihua Yao,2012-09-10 This highly original work explores the concept of self awareness or self consciousness in Buddhist thought Its central thesis is that the Buddhist theory of self cognition originated in a soteriological discussion of omniscience among the Mahasamghikas and then evolved into a topic of epistemological inquiry among the Yogacarins To illustrate this central theme this book explores a large body of primary sources in Chinese Pali Sanskrit and Tibetan most of which are presented to an English readership for the first time It makes available important resources for the study of the Buddhist philosophy of mind **Skilful Means** Michael Pye,2004-08-02 Skilful means is the key principle of Mahayana one of the great Buddhist traditions I illuminates a core working philosophy essential for any complete understanding of Buddhism

Eternal Legacy Sangharakshita,2013-09-27 An invaluable guide and reference book to Buddhist sacred texts The Eternal Legacy gives students of Buddhism an unparalleled overview of texts from canonical Pali works to Mahayana sutras together with their doctrinal and historical context and significance It brilliantly and concisely summarizes the essence of core Buddhist teachings such as the Diamond Sutra Lotus Sutra Flower Ornament Sutra and Perfection of Wisdom scriptures The author also addresses the question of what actually constitutes Buddhism s authentic canonical literature **Historical**

Dictionary of Buddhism Carl Olson,2021-07-15 Moving beyond the original bodhi tree where the historical Buddha attained enlightenment Buddhism spread throughout Asia and in more recent history has become ubiquitous in America and other Western nations as it marches into the status of a major global religion During its history westward it has changed adapted to new cultures and offered spiritual help to those looking for answers to the problems of life Buddhism is studied in institutions of higher education practice by many people worldwide and its literature is translated in numerous languages Historical Dictionary of Buddhism Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 900 cross referenced entries on important personalities as well as complex theological concepts significant practices and basic writings and texts This book is an excellent resource for students researchers and anyone wanting to know more about Buddhism
