Connolly,2013-11-21 Robert Herrick has long been one of the best loved of English lyric poets Known through the centuries as the author of Gather ye rosebuds he also wrote as this new edition shows hundreds of songs epigrams and longer poems equally worthy of attention Volume I of this new edition of Herrick s work contains Hesperides Herrick s only published collection As well as the commentary on Hesperides volume II contains the fifty nine surviving manuscript poems which can be firmly attributed to Herrick and on which his reputation was based before 1648 It is an ambitious and original attempt to recover for the first time the history of Herrick s corpus of manuscript poetry and to identify how his poems circulated and who his copyists and readers were By establishing the type of sources to which they had access and the nature and quality of the poems these sources contained and through the histories of transmission that accompany every poem this volume offers a significant body of evidence that deepens our critical understanding not only of Herrick s poetry but of the mechanics of scribal publication and the culture of reading writing and performing poetry and music in early modern England Where as is often the case a musical setting survives this is also printed along with a commentary on the setting in a form which is designed to encourage the performance of the lyrics Centennial Essays for Robinson Jeffers Robert Zaller,1991 This work is the first volume of critical essays devoted to the poetry of Robinson Jeffers Although Jeffers was likened to some of the greatest figures in the literary world his work was controversial His preoccupation with violence and sexuality was denounced by some his alleged blasphemy by others Condemned by moralists Marxists and Cold Warriors alike Jeffers fell into obscurity until his death in 1962 Included are nine original essays by leading Jeffers scholars *Alliterative Poem on the Deposition of King Richard II.* Richard Maidstone,1838 **Alliterative Poem on the Deposition of King Richard II. historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Intimacy, Performance, and the Lied in the Early Nineteenth Century** Jennifer

Ronyak, 2018-09-10 The German lied or art song is considered one of the most intimate of all musical genres often focused on the poetic speaker's inner world and best suited for private and semi private performance in the home or salon Yet problematically any sense of inwardness in lieder depends on outward expression through performance With this paradox at its heart *Intimacy Performance and the Lied in the Early Nineteenth Century* explores the relationships between early nineteenth century theories of the inward self the performance practices surrounding inward lyric poetry and song and the larger conventions determining the place of intimate poetry and song in the public concert hall Jennifer Ronyak studies the cultural practices surrounding lieder performances in northern and central Germany in the first quarter of the nineteenth century demonstrating how presentations of lieder during the formative years of the genre put pressure on their sense of interiority She examines how musicians responded to public concern that outward expression would leave the interiority of the poet the song or the performer unguarded and susceptible to danger Through this rich performative paradox Ronyak reveals how a song maintains its powerful intimacy even during its inherently public performance
