Down East ,2006-04 **Chinese American Mothering** Andrea Louie,2025-12-16 A journey from Chinese immigrant to U S Mother of the Year unpacks the roots of the model minority myth and its legacy In 1952 Toy Len Goon a Chinese immigrant widow who raised eight children while running their family laundry was selected as U S Mother of the Year by the American Mother s Committee of the Golden Rule Foundation In Chinese American Mothering Andrea Louie argues that Toy Len Goon s selection for this honor was more than an acknowledgement of her having raised eight successful children while running a business rather she was chosen precisely because she was a Chinese American woman who could exemplify both the virtues of mothering and of American upward mobility Her selection for the Mother of the Year honor can only be understood within the context of shifting representations of Chinese Americans during the Cold War era and the accompanying assumptions about the strategic role that positive representations of Chinese Americans could have in extending U S influence in Asia Drawing upon immigration records interviews and secondary sources as well as her positionality as Toy Len Goon s granddaughter Louie tells an expanded version of Toy Len Goon s life story Ultimately Chinese American Mothering addresses themes of migration gender racialization Americanization and success through the evolving lens of the model minority myth **Public Documents of the State of Maine; Being the Reports of the**
