The Making of a Sermon Arthur T. (Arthur Tappan) Pierson,1905 **The Making of the Sermon** T. Harwood Pattison,2015-07-20 Excerpt from *The Making of the Sermon For the Class Room and the Study* The title of this book sufficiently indicates its purpose While intended primarily for the use of the student in the class room I have also written it with an eye to a still wider audience I trust that it may be of use to some ministers who have not taken a seminary course and also to many more whose class room work receding year by year threatens by the lapse of time and by the pressure of many duties needing their immediate attention to become a faint and ineffectual memory It is perhaps inevitable unless he guards himself against it most jealously that the preacher should become a slave to the tyranny of his own habits of pulpit preparation This is due to many causes to the absorbing claims of pastoral work which often leaves neither the time nor the vigor which is needed if new methods are to be tried to the dread of making any material change in habits which have come to be so much a part of himself and to the almost breathless frequency with which Sundays recur suggesting that they are somehow independent of the calendar that regulates the other days of the week About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Making of the Sermon; For the Class-Room and the Study* American Baptist Publication Society,2023-07-18 This classic guide to sermon preparation was first published in 1901 It provides a comprehensive overview of the elements of effective preaching from exegesis to delivery Whether you re a student of divinity a pastor or a layperson this book will help you develop your skills as a communicator of the gospel This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and

thank you for being an important part of keeping this knowledge alive and relevant **The Making of a Sermon** Arthur T. Pierson,1907 Lectures on Preaching Phillips Brooks,1877 Phillips Brooks a veteran minister with years of experience at the pulpit shares guidance on preaching and serving in the ministry in these lectures delivered at Yale University The nineteenth century was a time of great expansion in the United States and by extension the churches and Christian movements Demand for new preachers and ministers burgeoned that the many new communities founded had God in the hearts and minds of their inhabitants Having lived in what was an environment of upheaval Brooks felt it appropriate to pass on the wisdom and advice to prospective new ministers looking to found or join parishes around the country Making and delivering fine sermons the messages of which stay with the congregation is at the heart of what a good minister does Yet the work is not confined to merely this the preacher must be a support to the communal and spiritual life of his locality that his congregation be kept in good health and that their souls be shepherded toward a life of virtue and good conduct The preacher must also turn his attention inward his character must be examined for flaws or bad habits with virtues cultivated that he stand as a model for the wider community The Making of the Sermon (1898) Thomas Harwood Pattison,2014-08-07 This Is A New Release Of The Original 1898 Edition The Making of the Sermon Thomas Harwood Pattison,2014-02-28 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book
