Bringing together a wide range of perspectives, industry veterans and provocateurs, writers, editors, and digital mavericks, this invaluable collection reflects on the current situation of literary publishing and provides a road map for the shifting geography of its future. Mindful of the stakes of the ongoing transformation, *Literary Publishing in the 21st Century* goes beyond the usual discussion of print vs. digital to uncover the complex, contradictory, and increasingly vibrant personalities that will define the future of the book.
