Mingus A Critical Biography:

Mingus Brian Priestley, 1984-03-22 It would be no exaggeration to call Charles Mingus the greatest bass player in the history of jazz indeed some might even regard it as understatement for the hurricane power of his work as a composer teacher band leader and iconoclast reached far beyond jazz while remaining true to its heritage in the music of Duke Ellington Charlie Parker and Thelonious Monk In this new biography Brian Priestley has written a masterly study of Mingus s dynamic career from the early years in Swing to the escapades of the Bebop era through his musical maturity in the 50s when he directed a band that redefined collective improvisation in jazz Woven in with exacting assessments of Mingus s artistic legacy is the story of his volatile unpredictable sometimes dangerous personality The book views Mingus as a black artist increasingly politicized by his situation but also unreliable as a witness to his own persecution Capturing him in all his furious contradictions passionate cool revolutionary but with a keen sense of tradition Brian Priestley has produced what can be called again without exaggeration the best biography of a jazz musician we have ever seen **Charles Mingus** Brian Priestley, 1982 *Mingus Speaks* Charles Mingus, John F. Goodman, 2013-04 In depth interviews conducted several years before Mingus died capture the composer s spirit and voice revealing how he saw himself as composer and performer how he viewed his peers and predecessors how he created his extraordinary music and how he looked at race Augmented with interviews and commentary by ten close associates including Mingus s wife Sue Teo Macero George Wein and Sy Johnson

What Is This Thing Called Jazz? Eric Porter, 2002-01-31 Despite the plethora of writing about jazz little attention has been paid to what musicians themselves wrote and said about their practice An implicit division of labor has emerged where for the most part black artists invent and play music while white writers provide the commentary Eric Porter overturns this tendency in his creative intellectual history of African American musicians He foregrounds the often ignored ideas of these artists analyzing them in the context of meanings circulating around jazz as well as in relationship to broader currents in African American thought Porter examines several crucial moments in the history of jazz the formative years of the 1920s and 1930s the emergence of bebop the political and experimental projects of the 1950s 1960s and 1970s and the debates surrounding Jazz at Lincoln Center under the direction of Wynton Marsalis Louis Armstrong Anthony Braxton Marion Brown Duke Ellington W C Handy Yusef Lateef Abbey Lincoln Charles Mingus Archie Shepp Wadada Leo Smith Mary Lou Williams and Reggie Workman also feature prominently in this book The wealth of information Porter uncovers shows how these musicians have expressed themselves in print actively shaped the institutional structures through which the music is created distributed and consumed and how they aligned themselves with other artists and activists and how they were influenced by forces of class and gender What Is This Thing Called Jazz challenges interpretive orthodoxies by showing how much black jazz musicians have struggled against both the racism of the dominant culture and the prescriptive definitions of racial authenticity propagated by the music s supporters both white and black **Swingin' on Central Avenue** Peter

Vacher,2015-09-17 The development of jazz and swing in the African American community in Los Angeles in the years before the second World War received a boost from the arrival of a significant numbers of musicians from Chicago and the southwestern states In *Swingin on Central African American Jazz in Los Angeles* a new study of that vibrant jazz community music historian and jazz journalist Peter Vacher traveled between Los Angeles and London over several years in order to track down key figures and interview them for this oral history of one of the most swinging jazz scenes in the United States Vacher recreates the energy and vibrancy of the Central Avenue scene through first hand accounts from such West Coast notables as trumpeters Andy Blakeney George Orendorff and McLure Red Mack Morris pianists Betty Hall Jones Chester Lane and Gideon Honore saxophonists Chuck Thomas Jack McVea and Caughey Roberts Jr drummers Jesse Sailes Red Minor Robinson and Nathaniel Monk McFay and others Throughout readers learn the story behind the formative years of these musicians most of whom have never been interviewed until now While not exactly headliners nor heavily recorded this community of jazz musicians was among the most talented in pre war America Arriving in Los Angeles at a time when black Americans faced restrictions on where they could live and work jazz artists of color commonly found themselves limited to the Central Avenue area This scene supplemented by road travel constituted their daily bread as players with none of them making it to New York Through their own words Vacher tells their story in *Los Angeles* offering along the way a close look at the role the black musicians union played in their lives while also taking on jazz historiography s comparative neglect of these West Coast players Music historians with a particular interest in pre bop jazz in California will find much new material here as Vacher paints a world of luxurious white nightclubs with black bands ghetto clubs and after hours joints a world within a world that resulted from the migration of black musicians to the West Coast [Jazz: Grove Music Essentials](#) Mark

Mawer,2014-12-04 French concert music and jazz often enjoyed a special creative exchange across the period 1900 65 French modernist composers were particularly receptive to early African American jazz during the interwar years and American jazz musicians especially those concerned with modal jazz in the 1950s and early 1960s exhibited a distinct affinity with French musical impressionism However despite a general if contested interest in the cultural interplay of classical music and jazz few writers have probed the specific French music jazz relationship in depth In this book Deborah Mawer sets such musical interplay within its historical cultural and critical analytical contexts offering a detailed yet accessible account of both French and American perspectives Blending intertextuality with more precise borrowing techniques Mawer presents case studies on the musical interactions of a wide range of composers and performers including Debussy Satie Milhaud Ravel Jack Hylton George Russell Bill Evans and Dave Brubeck **Freedom Is, Freedom Ain't** Scott Saul,2009-06-30 In the long

decade between the mid fifties and the late sixties jazz was changing more than its sound The age of Max Roach's *Freedom Now Suite* John Coltrane's *A Love Supreme* and Charles Mingus's *The Black Saint and the Sinner Lady* was a time when jazz became both newly militant and newly seductive its example powerfully shaping the social dramas of the Civil Rights movement the Black Power movement and the counterculture *Freedom Is Freedom Ain't* is the first book to tell the broader story of this period in jazz and American history

Music of Anthony Braxton Mike Heffley, 2013-10-28 First Published in 2001 For three decades Anthony Braxton has been alternately celebrated dismissed and attacked for his musical innovations His ambitious efforts to reconcile and personalize the historically divergent and often conflicting worldviews and principles of African American jazz American Experimental post Ives and Western European post serial traditions have attracted both loyal supporters and passionate critics Mike Heffley has followed Braxton's widely varied music from its beginning and in 1988 began a professional musical relationship with him His biography of Braxton's music is just that a look at the music as if it were a living entity with a traceable ancestry a describable place in the world and a history full of drama intrigue and passion The music scholar will find here all the information necessary to understand the contents contexts and concepts of Braxton's music and to further that understanding The general reader will find the human and trans human qualities that make the music so compelling to its makers and lovers

Watching Jazz Björn Heile, Peter Elsdon, Jenny Doctor, 2016-05-31 *Watching Jazz Encounters with Jazz Performance on Screen* is the first systematic study of jazz on screen media Where earlier studies have focused almost entirely on the role and portrayal of jazz in Hollywood film the present book engages with a plethora of technologies and media from early film and soundies through television to recent developments in digital technologies and online media Likewise the authors discuss jazz in the widest sense ranging from Duke Ellington and Jimmy Dorsey through the likes of Dizzy Gillespie Art Blakey Oscar Peterson Miles Davis John Coltrane and Charles Mingus to Pat Metheny Much of this rich and fascinating material has never been studied in depth before and what emerges most clearly are the manifold connections between the music and the media on which it was and is being recorded Its long association with film and television has left its trace in jazz just as online and social media are subtly shaping it now Vice versa visual media have always benefited from focusing on music and this significantly affected their development The book follows these interrelations showing how jazz was presented and represented on screen and what this tells us about the music the people who made it and their audiences The result is a new approach to jazz and the media which will be required reading for students of both fields
