Teaching for a Multifaith World Eleazar S. Fernandez, 2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that is who we are Neither does radical hospitality require that we water down our commitment because

faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side **Personhood, Illness, and Death in America's Multifaith**

Neighborhoods Lucinda Mosher,2018-04-19 In this interfaith book Lucinda Mosher investigates different understandings of destiny loss death and remembrance in America s many religions Using stories and interviews with a variety of religious adherents and health professionals the book wrestles with questions such as how can our religion guide us in making decisions about certain kinds of medical treatment options What religion related issues would it be helpful for a healthcare provider to know How do different religious traditions help manage our grief In a globalized society religious traditions sit alongside each other as never before and the need for religious literacy and multifaith chaplaincy is increasingly recognized By looking at multireligious America this book provides an essential exploration of different attitudes to death helping members of all faith communities to become more literate with each other s religious traditions **Therapy, Culture and Spirituality**
