Memories of the Early Life and Development of Minnesota (Classic Reprint) Thomas Barlow Walker,2017-02-03 Excerpt from Memories of the Early Life and Development of Minnesota When I told him that I would like a position to teach mathematics it struck him more than favorably as he said that that was his line of work and that it did not give him any time to run the university and he wanted some one to handle the classes We went around with his horse and buggy among the members Of the Board and I found that the general scare which everywhere existed made them hesitate about making any arrangements for the future running of the school not knowing whether or not it would ever open again The president whose name I have forgotten said that when school would open again which he hoped would be in the fall he felt quite certain that I would be offered a position as assistant teacher in mathematics A majority of the board were really in favor of engaging me and the other members were not opposed excepting only their apprehension as to future prospects of the university in such calamitous times This came to pass in the fall when I was on the government surveys in the northern part of Minnesota and could not accept If this opening had occurred or had been decided upon before I came to this state it would without doubt have changed the course of my whole life About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Minnesota Memories** ,2006 *Growing Up on a Minnesota Farm* Beverly Jackson,Michael Cotter,2001 With nearly 100 vintage images and personal stories this book
