## **Minor British Poetry 1680 1800 An Anthol:**

Minor British Poetry: 1680-1800 J. Ernest Barlough, 1973      Love, Poetry, and Immortality: Luminous Insights of the World's Great Thinkers William Gerber, 2022-07-11 This book explores and illustrates the individuating characteristics and the interrelationships of love poetry and literary immortality such immortality that is as writers may win in the sense of being long remembered and appreciated by future readers From the book s numerous quotations of glittering literary passages it is evident that love is often expressed in poetry and that many authors especially those writing about love have expressed the winsome hope that their works would be greatly cherished by later generations Part One of the book illustrates by passages of matchless poetry the joys and perils of love and other outstanding features of love Part Two outlines the history of expressions by writers in many cultures of their confidence or hope that their works will make them immortal

Miscellanies, Poetry, and Authorship, 1680-1800 Carly Watson, 2021-03-26 This book is a critical study of the ancestors of contemporary poetry anthologies the poetic miscellanies of the late seventeenth and eighteenth centuries It argues that miscellanies are a distinctive kind of literary collection and that their popularity in the period 1680 1800 had a far reaching impact on authors publishers and readers of poetry This study expands the definition of miscellanies to include single author collections called miscellanies as well as the multiple author collections that have traditionally been the focus of scholarly attention It shows how multiple author miscellanies fostered different kinds of literary community and explores the neglected role of single author miscellanies in the self fashioning of eighteenth century writers Later chapters examine miscellanies relationships with periodicals their contribution to the formation of the literary canon and their reception and transformation in the hands of readers The book draws on newly available digital data as well as evidence from hundreds of printed miscellanies to shed new light on how poetry was written published and read in the long eighteenth century      **Anne Finch and Her Poetry** Barbara McGovern, 1992 Anne Finch and Her Poetry is the first major critical examination of the life and works of the foremost English woman poet of the eighteenth century This biography places Anne Finch 1661 1720 in her social and literary milieu and includes discussion of such topics as love and marriage female friendships melancholy and nature as they relate both to Finch s life and to her poetry Barbara McGovern gives considerable attention to the methods by which Finch developed her artistry and molded a largely masculine literary tradition to her own designs through a variety of rhetorical and stylistic devices She examines the entire body of Finch s work including two verse plays and a number of previously unpublished poems and letters and corrects numerous misconceptions about the poet and her work Though recognized in her lifetime as a talented poet for nearly two hundred years Finch has been overlooked or when anthologized misrepresented McGovern focuses on the historical place and displacement of Finch in Restoration and early eighteenth century England in terms of her involvement with Britain s most critical religious and political controversies An Anglican and Royalist who along with her husband was attached to the Stuart court at the time of the Glorious Revolution Finch was an

outsider because of her politics and religion as well as her gender. Despite her marginal status in society, Anne Finch was able to develop her poetic identity in part by defining her relationships with other early women writers including Katherine Philips and Aphra Behn. Her female friendships as well as aristocratic family ties and titled position gave her access to a number of the most famous literary figures of her age, including Alexander Pope and Jonathan Swift. A thoroughly researched, well-written and compelling work, Anne Finch and Her Poetry will no doubt become the standard biography of the finest woman poet in England before the nineteenth century. **Catalog of Copyright Entries, Third Series** Library of Congress.

Copyright Office, 1975 **Nicholas Rowe and the Beginnings of Feminism on the London Stage** Herbert Sennett, 2005. Nicholas Rowe flourished during the first quarter of the 18thc; he was poet laureate to George I, the author of eight plays, three of which were great successes, and he was the esteemed translator of Lucan's *PHARSALIA* as well as the first modern editor of Shakespeare's plays. But most of all, he was known as a playwright. Rowe's *She Tragedies* gave great prominence to women characters and further developed the Whig virtues of the ruling political elite: individual freedom and a belief in a strong parliament which would bring the cause of the people before a constitutionally limited, reasonable monarchy. Professor Sennett's new monograph discusses Rowe's vision of women caught up by tragic, unreasonable threat or menace. He also explores the literary and the political stakes in late Stuart and early Hanoverian theatre. New material on Rowe's life and his attempt to include ideas that can be described as incipient feminism are brought forward. While not a general biography, Sennett's new work is a contribution to the scholarship that has called for a new examination of Rowe and the Whig London of the early 18th century. *Library of Congress Catalog* Library of Congress, 1970 **American Book Publishing Record**

, 1999 **Library of Congress Catalogs** Library of Congress, 1976 **Die Gedichte Thomas Tickells** Thomas Tickell, Helgard Stöver-Leidig, 1981. Thomas Tickell 1685-1740: heute ein weitgehend in Vergessenheit geratener Dichter, spielte eine nicht unbedeutende Rolle im Literaturbetrieb seiner Zeit. Die vorliegende Arbeit macht zum ersten Mal seine Gedichte in einer historisch kritischen Ausgabe zugänglich, die sich an den Methoden der modernen Editionstheorie orientiert. In einem ausführlichen Kommentar wird versucht, sowohl die literarische Tradition, in der die Gedichte stehen, als auch ihren historischen Kontext aufzuzeigen. *British Books in Print*, 1985 **The New Cambridge Bibliography of English**

**Literature: Volume 2, 1660-1800** George Watson, Ian R. Willison, 1971-07-02. More than fifty specialists have contributed to this new edition of volume 2 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. **Catalog of Copyright Entries, Third Series** Library of Congress. Copyright Office, 1973. The record of

each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc     **The Library Journal Book Review** ,1977     The Restoration and 18th-century ,1985
