P.

Woodhouse, 1970      *Milton and Questions of History* Mary Ellen Nyquist, Feisal Gharib Mohamed, Mary Nyquist, 2012-01-01 Milton and Questions of History considers the contribution of several classic studies of Milton written by Canadians in the twentieth century It contemplates whether these might be termed a coherent school of Milton studies in Canada and it explores how these concerns might intervene in current critical and scholarly debates on Milton and more broadly on historicist criticism in its relationship to renewed interest in literary form The volume opens with a selection of seminal articles by noted scholars including Northrop Frye Hugh McCallum Douglas Bush Ernest Sirluck and A S P Woodhouse Subsequent essays engage and contextualize these works while incorporating fresh intellectual concerns The Introduction and Afterword frame the contents so that they constitute a dialogue between past and present critical studies of Milton by Canadian scholars      *A Companion to Milton* Thomas N. Corns, 2008-04-15 The diverse and controversial world of

contemporary Milton studies is brought alive in this stimulating Companion Winner of the Milton Society of America's Irene Samuels Book Award in 2002 Invites readers to explore and enjoy Milton's rich and fascinating work Comprises 29 fresh and powerful readings of Milton's texts and the contexts in which they were created each written by a leading scholar Looks at literary production and cultural ideologies issues of politics gender and religion individual Milton texts other relevant contemporary texts and responses to Milton over time Devotes a whole chapter to each major poem and four to Paradise Lost Conveys the excitement of recent developments in the field      *Reverberating Song in Shakespeare and Milton* Erin Minear, 2016-04-08 In this study Erin Minear explores the fascination of Shakespeare and Milton with the ability of music heard imagined or remembered to infiltrate language Such infected language reproduces not so much the formal or sonic properties of music as its effects Shakespeare's and Milton's understanding of these effects was determined she argues by history and culture as well as individual sensibility They portray music as uncanny and divine expressive and opaque promoting associative rather than logical thought processes and unearthing unexpected memories The title reflects the

multiple and overlapping meanings of reverberation in the study the lingering and infectious nature of musical sound the questionable status of audible earthly music as an echo of celestial harmonies and one writer's allusions to another Minear argues that many of the qualities that seem to us characteristically Shakespearean stem from Shakespeare's engagement with how music works and that Milton was deeply influenced by this aspect of Shakespearean poetics Analyzing Milton's account of Shakespeare's warbled notes she demonstrates that he saw Shakespeare as a peculiarly musical poet deeply and obscurely moving his audience with language that has ceased to mean but nonetheless lingers hauntingly in the mind Obsessed with the relationship between words and music for reasons of his own including his father's profession as a composer Milton would adopt adapt and finally reject Shakespeare's form of musical poetics in his own quest to join the angel choir Offering a new way of looking at the work of two major authors this study engages and challenges scholars of Shakespeare Milton and early modern culture

*Implication, Readers' Resources, and Thomas Gray's Pindaric Odes* Frederick M. Keener, 2012-10-27 Implication Readers Resources and Thomas Gray's Pindaric Odes presents an account of the Poets Secret the quite belated historically recent discovery by scholars and critics of something many poets have recognized and employed for ages the sense expressed by allusively parallel parts within a text thus expressed intratextually rather than only intertextually Inferential perception of the implicit sense produced logically and linguistically by enthymemes implicatures and other intratextual features as well as intertextual ones can be indispensable for readers comprehension of literary as well as other texts especially their difficult passages Implication Readers Resources and Thomas Gray's Pindaric Odes addresses these elusive matters as they have historically been posed by Thomas Gray's Pindaric odes of 1757 and mainly the first of them The Progress of Poesy a poem that readers have more or less knowledgeably struggled to understand from the outset The process of disclosing that ode's sense can be aided by new further reference to Paradise Lost in the context of Gray's largely unpublished Commonplace Book with its extensive little studied and very pertinent use of Plato and Locke

*Facing Loss and Death* Peter Hühn,2016-08-22 Lyric poetry as a temporal art form makes pervasive use of narrative elements in organizing the progressive course of the poetic text This

observation justifies the application of the advanced methodology of narratology to the systematic analysis of lyric poems. After a concise presentation of this transgeneric approach to poetry the study sets out to demonstrate its practical fruitfulness in detailed analyses of a large number of English and some American poems from the early modern period to the present. The narratological approach proves particularly suited to focus on the hitherto widely neglected dimension of sequentiality, the dynamic progression of the poetic utterance and its eventful turns which largely constitute the *raison d'être* of the poem. To facilitate comparisons the examples chosen share one special thematic complex: the traumatic experience of severe loss, the death of a beloved person, the imminence of one's own death, the death of a revered fellow poet and the loss of a fundamental stabilizing order. The function of the poems can be described as facing the traumatic experience in the poetic medium and employing various coping strategies. The poems thus possess a therapeutic impetus.
