**A History of Catholic Moral Theology in the Twentieth Century** James F. Keenan,2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it s adequately biblical and Gerard Gilleman whether it s adequately spiritual Bernard Haering integrates these contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally

**The Nineteenth and Twentieth Centuries: Masterpieces of German Literature Translated into English (Complete First 12 Volumes)** Various Authors, **A Companion to Classical Texts** Frederick William Hall, 1913 Unmooring the Komagata Maru Rita Dhamoon, Davina Bhandar, Renisa Mawani, Satwinder Kaur Bains, 2019-08-15 In 1914 the SS Komagata Maru crossed oceans and jurisdictions to arrive at the west coast of Canada Canadian officials calling on legislative acts designed to limit the immigration of Indians detained the ship for two months in Vancouver Harbour Most of the 376 passengers were then forcibly returned to India Unmooring the Komagata Maru challenges conventional Canadian historical accounts by drawing from multiple disciplines and fields to consider the international and colonial dimensions of the voyage By situating the history of South Asians in Canada in a global imperial context this volume emphasizes the ways in which the Komagata Maru incident is related to issues of colonialism more generally The contributors offer a critical reading of Canadian multiculturalism through past events and their commemoration Ultimately they caution against narratives that present the ship's journey as a dark moment in the history of a redeemed nation Unmooring the Komagata Maru demonstrates that a hundred years later the voyage of the Komagata Maru has yet to reach its conclusion The Oxford History of Historical Writing Stuart Macintyre, Juan Maiguashca, Attila Pók, 2011-10-27 Volume 4 of The Oxford History of Historical Writing offers essays by leading scholars on the writing of history globally from 1800 to 1945 Divided into four parts it first covers the rise consolidation and crisis of European historical thought and the professionalization and institutionalization of history The chapters in Part II analyze how historical scholarship connected to various European national traditions Part III considers the historical writing of Europe's Offspring the United States Canada South Africa Australia New Zealand Mexico Brazil and Spanish South America The concluding part is devoted to histories of non European cultural traditions China Japan India South East Asia Turkey the Arab world and Sub Saharan Africa This is the fourth of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world This volume aims at once to provide an authoritative survey of the field and especially to provoke cross cultural comparisons **No More Masterpieces** Lucy Bradnock, 2021-01-01 This groundbreaking account of postwar American art traces the profound influence of Antonin Artaud Proposing an original reassessment of art from the 1950s to the 1970s No More Masterpieces reveals how artistic practice in postwar America was profoundly shaped by the work of the rebellious French poet and dramatist Antonin Artaud 1896 1948 A generation of artists mobilized Artaud's countercultural ideas to imagine new forms of representation and to redefine the relationship between artist and audience The book shows how Artaud's radical writings inspired the experimental theatrical work of John Cage Rachel Rosenthal and Allan Kaprow the attack on artistic and social conventions launched by assemblage artists Wallace Berman and Bruce Conner and the feminist work of Carolee Schneemann and Nancy Spero Lucy Bradnock traces the dissemination of Artaud's writings in America and demonstrates how his interest in political and cultural disorder the dangers of authority and the unreliability of

representation found fertile ground in the context of the Cold War disillusionment with the ideals of Abstract Expressionism and the early years of identity politics

**The Templars, the Witch, and the Wild Irish** Maeve Brigid Callan, 2015-03-09  
Early medieval Ireland is remembered as the Land of Saints and Scholars due to the distinctive devotion to Christian faith and learning that permeated its culture As early as the seventh century however questions were raised about Irish orthodoxy primarily concerning Easter observances Yet heresy trials did not occur in Ireland until significantly later long after allegations of Irish apostasy from Christianity had sanctioned the English invasion of Ireland In *The Templars the Witch and the Wild Irish* Maeve Brigid Callan analyzes Ireland's medieval heresy trials which all occurred in the volatile fourteenth century These include the celebrated case of Alice Kyteler and her associates prosecuted by Richard de Ledrede bishop of Ossory in 1324 This trial marks the dawn of the devil worshipping witch in European prosecutions with Ireland an unexpected birthplace Callan divides Ireland's heresy trials into three categories In the first stand those of the Templars and Philip de Braybrook whose trial derived from the Templars brought by their inquisitor against an old rival Ledrede's prosecutions against Kyteler and other prominent Anglo Irish colonists constitute the second category The trials of native Irishmen who fell victim to the sort of propaganda that justified the twelfth century invasion and subsequent colonization of Ireland make up the third Callan contends that Ireland's trials resulted more from feuds than doctrinal deviance and reveal the range of relations between the English the Irish and the Anglo Irish and the church's role in these relations tensions within ecclesiastical hierarchy and between secular and spiritual authority Ireland's position within its broader European context and political cultural ethnic and gender concerns in the colony
