Minority Nationalism And The Changing International Order:

Minority Nationalism and the Changing International Order Michael Keating, John McGarry, 2001 *Minority Nationalism and the Changing International Order* John McGarry, 2001-06-14 Globalization and European integration are sometimes seen as the enemies of nationalism sweeping away particularisms and imposing a single economic cultural and political order The book argues on the contrary that by challenging the nation state as the sole basis for identity and sovereignty they open the way for a variety of claims by stateless nations It is certainly true that recent years have seen a strong recurrence of nationalist claims in Europe and in other parts of the world At the same time however globalization and European integration provide new ways of managing nationality claims At one level they lower the stakes in independence and might permit peaceful transitions to independence Yet they may also make independence in the traditional sense less important and provide ways in which multiple and conflicting nationality claims could be accommodated in new political structures The chapters in this collection consider these issues from a theoretical perspective and through case studies of stateless nationalisms in western eastern and central Europe the former Soviet Union and Quebec They record a wide variety of experiences and show that while there are no easy answers to conflicting national claims there is reason to believe that they can be managed through democratic political processes

Mandating Identity Enikő Horváth, 2008-01-01 Based on the author's thesis doctoral European University Institute 2006 *Political Liberalism and Plurinational Democracies* Ferran Requejo Coll, Miquel Caminal i Badia, 2011 The book examines the current state of affairs concerning the political recognition and constitutional accommodation of national plurality in liberal democracies in the global era of the 21st century It features case studies on Belgium Canada Spain UK and the European Union

Peacebuilding, Constitutionalism and the Global South Kajit Bagu (John Paul), 2019-07-05 This book presents the case that liberal constitutionalism in the global South is a legacy of colonialism and is inappropriate as a means of securing effective peace in regions that have been subject to recurrent conflict The work demonstrates the failure of liberal constitutionalism in guaranteeing peace in the postcolonial global South It develops an alternative more compelling constitutionalism for peacebuilding in conflicted regions This is based on constitutionalism that recognises plurality as a major feature in the global South Drawing on events in Nigeria it develops a constitutional model based on Cognitive Justice which could deliver peace by addressing historic conceptual legal institutional and structural issues that have created social inequality and injustice The study also incorporates insights from the development of plurinational constitutions in South America The book will be an invaluable resource for researchers academics and policy makers with an interest in constitutional legal theory peacebuilding and postcolonial studies

Mastering Globalization Stéphane Paquin, Guy LaChapelle, 2005-10-05 Contemporary globalization is transforming and undermining the role of the nation state causing it to lose its grip on both the national economy and identity This is a penetrating analysis of this phenomenon and an exploration of how governments national regional local global city regions

can respond This original selection of essays discusses the impact of globalization on nation states and the international system the consequent political and sociological fragmentation of nations and the rise of multiple identities within those nations These essays uniquely investigate the dramatic effect of globalization on governance outlining how sub state governments have now become international actors This volume delivers a key insight into the way globalization is reshaping political relationships and will be of interest to students of politics international studies and globalization

Secessionism and the European Union Glen M.E. Duerr, 2015-10-30 Secessionist also called nationalist or pro independence political parties exist in many countries in the developed world they raise and then spend a lot of money win votes in elections and their elected officials serve in seats in local regional and national parliaments Yet despite all of this effort there has not been a successful case of secession since 1921 when the Irish Free State effectively seceded from the United Kingdom UK Perhaps the biggest issue is that these secessionist political parties have rarely been popular enough to form a government even amongst their core ethnic group This is further compounded by the fact that secessionist parties have historically been unable to win support from immigrants or people outside their core ethnic and or linguistic group Given this context four central questions are posed in this study including whether and also why any of the secessionist parties have transitioned from ethnic based to civic based policy platforms Why have these secessionist parties not yet achieved independence And what role does the European Union EU play in facilitating or deterring secession in independence seeking regions within member states This study examines three different cases Flanders in Belgium Scotland in the UK and Catalonia in Spain to investigate how secessionist political parties are approaching the issue of independence All of the cases are different with respect to history governmental structure and economic situation Yet all of the cases are similar in some ways they are close to the same size in terms of population operate within mature democratic political systems have distinct secessionist political parties and all reside within member states of the EU Categorically in all cases there are also shared influences of the ability of the region to secede institutions interests and ideas

National Cultural Autonomy and Its Contemporary Critics Ephraim Nimni, 2005 This is a discussion and assessment of Karl Renner s theory of national cultural autonomy It includes the first English translation of Renner s State and Nation article and a commentary of his position by leading political theorists

Separatism and Sovereignty in the New Europe Janet Laible, 2008-11-23 This book investigates why despite European integration separatist nationalism continues to thrive in EU member states Laible demonstrates that the EU sustains the importance of statehood and therefore separatism and creates new forms of political capital that nationalists employ in their struggles for self government

Variations on Sovereignty Hannes Černý, Janis Grzybowski, 2023-05-24 This edited book explores diverse contestations and transformations of sovereignty around the world Sovereignty plays a central role in modern political thought and practice but it also remains fundamentally contested Depending on the context and perspective it seems either omnipresent or elusive liberating or oppressive fading or resilient Indeed if in recent decades

sovereignty has been expected to wane today it is back on the agenda not as the solid bedrock of modern international politics which it never was but as variations on a concept and institution that are ever contested and as a result constantly transforming Bringing together perspectives from various disciplines including International Relations IR political theory geography law and anthropology this volume goes beyond debates over the resilience or decline of sovereignty to instead emphasize how precisely the inherent ambiguities tensions and contestations in scholarship and practice spark sovereignty's manifold transformations offers three theoretical chapters that examine the illusions contradictions transformation and lasting appeal of sovereignty and the nation state explores sovereignty from various disciplinary perspectives in 11 empirical chapters that highlight its role in different contexts around the world from the European Union EU to the South China Sea to Western Sahara and Palestine problematizes the interplay between theory and practice of statehood and sovereignty as in the perception of Northern Cyprus as a fake state scholars promotion of Kurdish statehood in Iraq and studies affirming the Islamic State This book will be of much interest to students of statehood sovereignty conflict studies and International Relations Chapters 8 of this book are available for free in Open Access at www.taylorfrancis.com It has been made available under a Creative Commons Attribution No Derivatives 4.0 license

[The EU and Territorial Politics within Member States](#) Angela Bourne, 2004-12-01

Citizenship Rights Igor Štiks, 2017-05-15 In today's world all claims tend to be founded on or justified by rights be they political social economic or private The ubiquity of this discourse has led to a blurring of the definition of what exactly constitutes rights not to mention a blurring of the boundaries between different bundles of rights their sources and the various institutional practices through which they are enjoyed or asserted Particular attention needs to be paid to the category of citizenship rights Exactly how are they distinguished from human rights This volume presents some of the most important reflections and studies on citizenship rights both past and present The contributions provide both thorough description and incisive analysis and place the question of citizenship rights into a wider historical social and political perspective As such it offers a timely introduction to the current debates surrounding the rights and duties of both citizens and non citizens alike with a focus on the many ways in which citizenship is contested in the contemporary world The volume is invaluable to scholars and students of citizenship studies political and critical theory human rights sociology urban development and law

[Ethnonationalism in the Contemporary World](#) Daniele Conversi, 2004 Essential reading for anyone interested in problems associated with ethnicity and nationalism it offers a guide to understanding the ethnonational forces that underpin much of recent terrorist activity

Pro-independence Movements and Immigration Roberta Medda-Windischer, Patricia Popelier, 2016-08-01 The volume *Pro independence Movements and Immigration Discourse Policy and Practice* edited by Roberta Medda Windischer and Patricia Popelier explores the ways in which pro independence movements and the governments of sub state nations view and interact with new immigrants It also examines the attitudes of new minorities toward pro independence movements Through case studies from the Basque Country Flanders Catalonia

Quebec Scotland and South Tyrol the authors examine the interrelationship between pro independence movements and new minorities from a new perspective oriented towards a more plural and inclusive approach between all individuals and groups regardless of whether they are old or new minority groups living in a given territory and particularly in sub national territories

Northern Ireland and the Divided World John McGarry, 2001-07-26 Written by a leading group of scholars in the field this unique volume examines post Agreement Northern Ireland It shatters the myth that Northern Ireland is a place apart its conflict the result of peculiarly local circumstances Northern Ireland is compared with other divided societies in four continents including the Aland Islands the Basque Country Canada Cyprus Corsica East Timor Israel Palestine Lebanon Puerto Rico South Africa South Tyrol and Sri Lanka The collection shows that comparative analysis is essential for understanding the dynamics of Northern Ireland s conflict and ethnic conflict in general It also shows the value of comparative analysis for conflict management The contributors offer a wealth of suggestions on how to consolidate or change the landmark Agreement that Northern Ireland s political parties reached in April 1998

The Europeanization of Party Politics in Ireland, North and South Katy Hayward, Mary Murphy, 2013-10-31 Ireland s relationship with the European Union has been determined by the behaviour actions and discourse of political parties This book examines this impact through an in depth analysis of the Europeanization of party politics in the Republic of Ireland and Northern Ireland First it presents original research on cross cutting issues that have featured in political debates about European integration including referendum campaigns on EU treaties Irish neutrality and party policy positions on the EU Secondly it is the first book of its kind to examine in detail how each of the main parties on the island of Ireland has adapted to EU membership In doing so it both tests the thesis of Europeanization and deepens understanding of the impact that EU membership can have on national and sub national party politics What this study reveals is that while Europeanization is clearly evident in all parties in Ireland including those most critical of European integration its influence has been strictly curtailed We argue that the effects of Europeanization in Irish party politics have been limited by enduring resistance to and conditions placed upon EU influence in particular policy areas the importance of pragmatism and sub national priorities in shaping parties approaches to European integration and the fact that engagement with the EU continues to be a predominantly elite led process This book was published as a special issue of Irish Political Studies

Peace and Conflict in Inter-Group Relations Agnes Katalin Koós, 2014-11-18 The book ventures into the explanation of intra state communal conflict more narrowly of the conflict between majority and minority communal groups and develops arguments that highlight the causal impact of intergroup economic inequality Its quest for empirical support has led to the compilation of three large inter related datasets typifying the condition of minorities worldwide They are mainly based on the Ethnic Power Relations Minorities at Risk and Quality of Government data yet also involve information from a multitude of other sources such as national statistics cross national demographic surveys and the World Directory of Minorities and Indigenous Peoples The

group level data featuring 860 communal groups show that an impressive forty five percent of the world's population do not belong to the majority communal group in their country. As reasonably feared, minorities are in general politically less empowered than their pluralities and also poorer. Results from multivariate regression analysis corroborate the deleterious impact of horizontal economic inequality on inter group hostility measured either as group grievance or violent conflict. The double measurement substantiates the intuition that not all low to medium strength hostility is doomed to develop into violent conflict. In fortunate conditions intergroup disputes can be solved or compromises may be reached without turning to violence. Part of the analytical efforts have been directed towards detecting the differences between the causes of communal and non communal social conflicts and also towards deciphering which institutional conditions aggravate and which mitigate communal conflicts. A large number of variables in the regression models attempt to operationalize constellations that influence the evolution of conflicts either toward peaceful solutions or toward armed collision. The policy implications of the findings are not trivial. Positive discrimination which in the United States is known as Affirmative Action is often resisted by denying the unfortunate facts that make it necessary. In addition, currently the policies recommended for heterogeneous societies are also fiercely debated between advocates of power sharing arrangements and those who would like to facilitate the communal homogenization of each state. This latter type of constitutional engineering is at variance with the political empowerment of minorities, a measure that could alleviate tensions rooted in economic disadvantages.

Polarization and Consensus-Building in Israel Elie Friedman, Michal Neubauer-Shani, Paul Scham, 2023-07-31. This edited volume examines the most pressing social and political issues confronting Israel from a multidisciplinary perspective focusing on the breakdown of social solidarity and the inability to formulate consensus. The contributors encompassing political scientists, historians, communication researchers, sociologists, economists, and educators focus on specific topics that serve as exemplary cases of various trends of consensus and polarization. These trends are examined in the context of ideological, religious, economic, national, and ethnic cleavages. In addition, this volume analyzes how political actors' preference for non decision on various issues has resulted in the maintenance of a status quo with cleavages or conflicts being neither mitigated nor polarized. Together, this collection of articles paints a picture of Israel as a state racked by increasing polarization along ideological and religious lines. It is argued that this difficulty in determining a consensual definition of the state threatens to destroy social solidarity in Israel altogether, a climate in which the center cannot hold. This book is essential reading for anyone seeking to understand the major internal threats to Israel's self definition as a Jewish democratic state and will also appeal to sociologists and political scientists interested in global polarization trends.

European Integration and the Nationalities Question John McGarry, Michael Keating, 2006-09-27. A highly topical examination of the effect of European integration on relations between states and minority nations. This new collection brings together the leading specialists in the field and covers a wide range of cases from Northern Ireland in the West to Estonia and Latvia in the East and Cyprus in the South.

East The contributors assess how European integration has affected the preparedness of states to accommodate minorities across a range of fundamental criteria including enhanced rights protection autonomy the provision of a voice for minorities in the European and international arena and the promotion of cross border cooperation among communities dissected by state frontiers The comprehensive chapters stress the importance of the nationality question and the fact that contrary to the hopes and beliefs of many on the left and right it is not going to go away Beginning with an introductory essay that summarizes the impact of European integration on the nationalities question this accessible book will be of strong interest to scholars and researchers of politics nationalism ethnic conflict and European studies

The European Union and the Rise of Regionalist Parties Seth Kincaid Jolly, 2015-08-27 Using a cross national quantitative study and a detailed case study of the pro independence Scottish National Party demonstrates that supranational integration and subnational fragmentation are related in theoretical and predictable ways Posits that the EU makes smaller states more viable and politically attractive by diminishing the relative economic and political advantages of larger sized states

Minority Nationalism And The Changing International Order Introduction

In the digital age, access to information has become easier than ever before. The ability to download Minority Nationalism And The Changing International Order has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Minority Nationalism And The Changing International Order has opened up a world of possibilities. Downloading Minority Nationalism And The Changing International Order provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Minority Nationalism And The Changing International Order has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Minority Nationalism And The Changing International Order. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Minority Nationalism And The Changing International Order. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Minority Nationalism And The Changing International Order, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Minority Nationalism And The Changing International Order has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is

crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Minority Nationalism And The Changing International Order Books

1. Where can I buy Minority Nationalism And The Changing International Order books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Minority Nationalism And The Changing International Order book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Minority Nationalism And The Changing International Order books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Minority Nationalism And The Changing International Order audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Minority Nationalism And The Changing International Order books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
