Essays (c) Stanford M. Lyman, 1990 **The Jewish Contribution to Civilization** Jeremy Cohen, Richard I. enhanced with new detail and nuanced arguments taking account not only of new archival material and research but also of the ongoing evolution of the author's own knowledge and perspectives Some appear here in English for the first time The volume's structure highlights key topics for understanding the Polish Jewish past relations between Jews and other Poles Jewish communal life Polish Jewish women and hasidism One section analyses how this past has been presented in both scholarly and popular modes The essays are crafted to place them in dialogue with each other Analytical introductions weigh their significance in the light of modern and postmodern Jewish and Polish historiography An extensive general introduction sets the context of the history portrayed here while a thoughtful conclusion elucidates the larger motifs that emerge
