Minutes Of The Convention Held At South:

History of Black Congregational Christian Churches of the South J. Taylor Stanley, 2008-08-11 The History of Black Congregational Christian Churches of the South covers 110 years of religious and social history from 1865 to 1975 from the American Missionary Association through the formation of the United Church of Christ The Black church within the United Church of Christ UCC reflects the ways in which the UCC and its predecessor bodies have responded to social change and to the dilemma of racism in the white American conscience **Clergy Dissent in the Old South, 1830-1865** David B.

Chesebrough, 1996 Chesebrough history Illinois State U emphasizes the courage and cost of opposing slavery secession and the Civil War by clergy members in the South in the years leading to and during the war He also includes examples from the border state of Kentucky and from Washington DC to show that the problem was not limited to a geographical area

Annotation copyright by Book News Inc Portland OR **Gospel of Disunion** Mitchell Snay, 2014-02-01 The centrality of religion in the life of the Old South the strongly religious nature of the sectional controversy over slavery and the close affinity between religion and antebellum American nationalism all point toward the need to explore the role of religion in the development of southern sectionalism In Gospel of Disunion Mitchell Snay examines the various ways in which religion adapted to and influenced the development of a distinctive southern culture and politics before the Civil War adding depth and form to the movement that culminated in secession From the abolitionist crisis of 1835 through the formation of the Confederacy in 1861 Snay shows how religion worked as an active agent in translating the sectional conflict into a struggle of the highest moral significance At the same time the slavery controversy sectionalized southern religion creating separate institutions and driving theology further toward orthodoxy By establishing a biblical sanction for slavery developing a slaveholding ethic for Christian masters and demonstrating the viability of separation from the North through the denominational schisms of the 1830s and 1840s religion reinforced central elements in southern political culture and contributed to a moral consensus that made secession possible Minutes of the Annual Conferences of the Methodist

Episcopal Church, South Methodist Episcopal Church, South, 1887 *State Publications: Southern states. 1908* Richard Rogers Bowker, 1908 **Paradigm Wars** Keith E. Eitel, 2000 Eitel uses Southern Baptist Mission history to call for a

Liquor in the Land of the Lost Cause Joe Coker, 2007-12-14 In the late 1800s Southern evangelicals believed contemporary troubles everything from poverty to political corruption to violence between African Americans and whites sprang from the bottles of demon rum regularly consumed in the South Though temperance quickly gained support in the antebellum North Southerners cast a skeptical eye on the movement because of its ties with antislavery efforts Postwar evangelicals quickly realized they had to make temperance appealing to the South by transforming the Yankee moral reform

movement into something compatible with southern values and culture In *Liquor in the Land of the Lost Cause* Southern White Evangelicals and the Prohibition Movement Joe L Coker examines the tactics and results of temperance reformers between 1880 and 1915 Though their denominations traditionally forbade the preaching of politics from the pulpit an outgrowth of evangelical fervor led ministers and their congregations to sound the call for prohibition Determined to save the South from the evils of alcohol they played on southern cultural attitudes about politics race women and honor to communicate their message The evangelicals were successful in their approach negotiating such political obstacles as public disapproval the church's role in politics and vehement opposition to prohibition voiced by Jefferson Davis The evangelical community successfully convinced the public that cheap liquor in the hands of African American beasts and drunkard husbands posed a serious threat to white women Eventually the code of honor that depended upon alcohol centered hospitality and camaraderie was redefined to favor those who lived as Christians and supported the prohibition movement *Liquor in the Land of the Lost Cause* is the first comprehensive survey of temperance in the South By tailoring the prohibition message to the unique context of the American South southern evangelicals transformed the region into a hotbed of temperance activity leading the national prohibition movement

Distant sisters James Keating, 2020-09-29 In the 1890s Australian and New Zealand women became the first in the world to win the vote Buoyed by their victories they promised to lead a global struggle for the expansion of women's electoral rights Charting the common trajectory of the colonial suffrage campaigns *Distant Sisters* uncovers the personal and material networks that transformed feminist organising Considering intimate and institutional connections well connected elites and ordinary women this book argues developments in Auckland Sydney and Adelaide long considered the peripheries of the feminist world cannot be separated from its glamorous metropolises Focusing on Antipodean women simultaneously insiders and outsiders in the emerging international women's movement and documenting the failures of their expansive vision alongside its successes this book reveals a more contingent history of international organising and challenges celebratory accounts of fin de siècle global connection

Southern Baptist Theological Seminary, 1859-2009 Gregory Wills, 2009-07-27 With 16.3 million members and 44,000 churches the Southern Baptist Convention is the largest Baptist group in the world and the largest Protestant denomination in the United States Unlike the so called mainstream Protestant denominations Southern Baptists have remained stubbornly conservative refusing to adapt their beliefs and practices to modernity's individualist and populist values Instead they have held fast to traditional orthodoxy in such fundamental areas as biblical inspiration creation conversion and miracles Gregory Wills argues that Southern Baptist Theological Seminary has played a fundamental role in the persistence of conservatism not entirely intentionally Tracing the history of the seminary from the beginning to the present Wills shows how its foundational commitment to preserving orthodoxy was implanted in denominational memory in ways that strengthened the denomination's conservatism and limited the seminary's ability to stray from it In a set of circumstances in which the seminary played a

central part Southern Baptists populist values bolstered traditional orthodoxy rather than diminishing it In the end says Wills their populism privileged orthodoxy over individualism The story of Southern Seminary is fundamental to understanding Southern Baptist controversy and identity Wills s study sheds important new light on the denomination that has played and continues to play such a central role in our national history *Redeeming the South* Paul Harvey,2000-11-09 Together and separately black and white Baptists created different but intertwined cultures that profoundly shaped the South Adopting a biracial and bicultural focus Paul Harvey works to redefine southern religious history and by extension southern culture as the product of such interaction the result of whites and blacks having drawn from and influenced each other even while remaining separate and distinct Harvey explores the parallels and divergences of black and white religious institutions as manifested through differences in worship styles sacred music and political agendas He examines the relationship of broad social phenomena like progressivism and modernization to the development of southern religion focusing on the clash between rural southern folk religious expression and models of spirituality drawn from northern Victorian standards In tracing the growth of Baptist churches from small outposts of radically democratic plain folk religion in the mid eighteenth century to conservative and culturally dominant institutions in the twentieth century Harvey explores one of the most impressive evolutions of American religious and cultural history *Slave Missions and the Black Church in the Antebellum South* Janet Duitsman Cornelius,1999 How slaves created the organized black church while still under the oppression of bondage **Proceedings of the American Society of Civil Engineers** American Society of Civil Engineers,1897
