Miracle of the Ages Worth Smith,1937 *Pyramid Prophecies* Max Toth,1988-03 The author of Pyramid Power reveals prophetic evidence concealed for centuries within the Great Pyramid of Giza and compares it with the prophecies of Edgar Cayce and Nostradamus **Pyramid Quest** Robert M. Schoch,Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings A Miracle in Stone - The Great Pyramid Joseph A. Seiss,2020-09-28 Still one of the largest pieces of architecture ever constructed the Great Pyramid has long been the subject of wonder as to when it was built by whom and most importantly why The conventional explanation is that it was built during the reign of the Pharaoh Khufu by skilled Egyptian laborers as a funerary monument In the 19th century in the absence of hard information other than detailed studies of its dimensions a whole class of speculation grew up which has been called pyramidology The pyramidologists came to believe that the Great Pyramid encoded advanced knowledge of the physical universe and the course of human history This book is one of the primary texts of pyramidology THIS book is meant to give a succinct comprehensive account of the oldest and greatest existing monument of intellectual man particularly of the recent discoveries and claims with regard to it If the half that learned and scientific investigators allege respecting the Great Pyramid of Gizeh be true it is one of the most interesting objects on earth and ought

to command universal attention It has been unhesitatingly pronounced and perhaps it is the most important discovery made in our day and generation Simply as an architectural achievement this mysterious pillar from the time of Alexander the Great has held its place at the head of the list of The Seven Wonders of the World But under the researches and studies of mathematicians astronomers Egyptologists and divines it has of late been made to assume a character vastly more remarkable Facts and coincidences so numerous and extraordinary have been evolved that some of the most sober and philosophic minds have been startled by them It would verily seem as if it were about to prove itself a sort of key to the universe a symbol of the profoundest truths of science of religion and of all the past and future history of man So at least many competent persons have been led to regard it after the most thorough sifting which the appliances of modern science and intelligence have been able to give it **A Miracle in Stone.
