*Visions of the Maid* Robin Blaetz, 2001 Representations of Joan of Arc have been used in the United States for the past two hundred years appearing in advertising cartoons popular song art criticism and propaganda The presence of the fifteenth century French heroine in the cinema is particularly intriguing in relation to the role of women during wartime Robin Blaetz argues that a mythic Joan of Arc was used during the First World War to cast a medieval glow over an unpopular war but that she only appeared after the Second World War to encourage women to abandon their wartime jobs and return to the home In *Visions of the Maid* Blaetz examines three pivotal films Cecil B DeMille's 1916 *Joan the Woman* Victor Fleming's 1948 *Joan of Arc* and Otto Preminger's 1957 *Saint Joan* as well as

their local knowledge of history language and cultural systems to consider issues of hybridity boundary crossing the mobility of stardom and embodied spectatorship in order to further the understanding of stars in light the of recent interest in reception theory Rooted in a multidisciplinary and polycentric approach this book throws light on unexpected connections between stars and stardoms from different parts of the world cutting across chronology geographies and film history The Church Bells of Devon Henry Thomas Ellacombe,1872 *Saints, Clergy and Other Religious Figures on Film and Television, 1895-2003* Ann C. Paietta,2015-01-24 The portrayal of clergy saints missionaries monks and other spiritual leaders dates back to the very beginnings of motion pictures and television Over the years filmmakers have portrayed religious figures as heroes and villains sinners and saints and nearly everything in between Through their works filmmakers have influenced how society viewed these religious figures and by extension religion itself This work details over 900 films and television series made from the 1890s through 2003 in which a religious figure plays a prominent or recurring role or in which a character poses as a religious figure For each motion picture full filmographic data are provided including title studio running time year of release director producer writer and cast along with a synopsis focusing on the role of the religious figure Television series are covered in a separate section For each show the entry includes the title under which the show was commonly known the original broadcast network the years the show ran running time and cast and a brief discussion of the religious character s role in the overall series Extensively indexed **Politics, Theory, and Film** Bonnie Honig,Lori J. Marso,2016-08-26 Lars von Trier s intense disturbing and sometimes funny films have led many to condemn him as misogynist or misanthropic The same films inspire this collection s reflections on how our fears and desires regarding gender power race finitude family and fate often thwart and sometimes feed our best democratic aspirations The essays in this volume attend to von Trier s role as provocateur as well as to his films techniques topics and storytelling Where others accuse von Trier of being clich d the editors argue that he intensifies the clich s of our times in ways that direct our political energies towards apprehending and repairing a shattered world The book is certainly for von Trier lovers and haters but at the same time political critical and feminist theorists entirely unfamiliar with von Trier s films will find this volume s essays of interest Most of the contributors tarry with von Trier to develop new readings of major thinkers and writers including Agamben Bataille Beauvoir Benjamin Deleuze Euripides Freud Kierkegaard Ranci re Nietzsche Winnicott and many more Von Trier is both central and irrelevant to much of this work Writing from the fields of classics literature gender studies philosophy film and political theory the authors stage an interdisciplinary intervention in film studies **Frontier Figures** Beth E. Levy,2012-04-18 Beth Levy has written an elegant work of depth and breadth that gives generous space to the idea of the American West Her discussions of more than a dozen composers and their works some usual suspects others rather unexpected reveal the varied musical ecosystems of the west Levy takes us with her on the trail in prose that is by turns pithy and poetic but always spot on Denise Von Glahn author of *The Sounds of Place Music and the American Cultural Landscape*

Big and bold as the terrain it covers Beth Levy's *Frontier Figures* takes us on a gratifying road trip traversing American classical compositions that conjure up landscapes from the Middle West to the shores of the Pacific. En route we encounter many now famous composers such as Aaron Copland, Roy Harris and Virgil Thomson along with others who have faded from view. Throughout Levy treats the West as both geographic location and mythologized ideal demonstrating its power on the American musical imagination. Carol Oja, author of *Making Music Modern* (New York in the 1920s).
