#### **Miracle Of Wine:**

Remarks on the Miracle of turning the Water into Wine, at the Marriage in Cana Edmund HEPPLE, 1845 The Miracles of Christ ... Robert Maguire (Rector of St. Olave's, Southwark.),1863 Kalon Oinon: Good wine, or teetotalism; a critical examination of the miracle at Cana, with a view to check the revival of an old heresy Frederic Richard **The Wine of God** Shirley Carter Hughson, 1918 Water into Wine? Robert A. Larmer, 1988-01-01 The first is that a miracle understood as an event produced by a transcendent agent overriding the usual course of nature involves a violation of the laws of nature Larmer argues that events are explained by reference to both relevant laws and units of mass energy in the sequences to be explained He contends that a miracle need not be conceived as involving a violation of natural law but rather as the creation or annihilation of mass energy by a transcendent agent In reply to the objection that this account would violate the first law of thermo dynamics he distinguishes two forms of the principle one metaphysical one scientific and aruges that a miracle would not violate the principle considered as a scientific law The second assumption is that miracle testimony cannot serve as evidence for theism Larmer demonstrates that the logical ties connecting the concept of miracle to theism need not imply that one must be a theist to evaluate miracle testimony properly All that is required is that one is prepared to entertain theism as a hypothesis Attacking these assumptions allows Larmer to show that Humean balance of probabilities arguments based on a presumed conflict between evidence which establishes belief in the laws of nature and evidence in favour of miracles miss the point if miracles need not be defined as violations of the laws of nature He argues that in the absence of a general argument demonstrating that the testimonial evidence in favour of miracles conflicts with the evidence for the laws of nature it is up to the atheist to demonstrate on a case by case basis why the testimonial evidence is to be rejected His conclusion is that contrary to what is usually thought the burden of proof lies not upon the shoulders of the theist but upon the shoulders of the atheist The Miracles Simon J. Kistemaker, 2006-08-01 Most Christians know the stories of Jesus healing people and controlling nature but many are less sure why Jesus did these things or how they relate to their lives today Theologian professor and author Simon J Kistemaker carefully examines each of Jesus s miracles He lays out the cultural background explains symbolism and Old Testament connections and fleshes out the details of each story Each chapter also includes a section focused on how the miracle relates to the life of the modern follower of Jesus Kistemaker's scholarly attention to detail coupled with accessible explanations and application will make this book valuable to everyone from lay readers to pastors looking for sermon material Iohn Jonathan D. Huntzinger, Jon Huntzinger, 2006-08-06 In this commentary Dr Jonathan D Huntzinger shows that John s book is unique among the gospels because it emphasizes that Jesus offers the eternal life of God to the people of God Dictionary of Miracles Ebenezer Cobham Brewer, 1894 His Miracle-Breath Vidagdha Bennett, 2016-03-31 In this volume I have tried to offer an insight into New York City as Sri Chinmoy might have found it in 1964 and also the haven that he

discovered in Woodstock In addition I have included transcripts of some evening gatherings at Sri Chinmoys home They capture the delightful and unstructured ebb and flow of conversation informal questions personal guidance reflections and humorous asides These were the moments when time itself seemed to stretch endlessly punctuated only by the striking of a wall clock the barking of Sri Chinmoys little dog or the mimicking calls of his mynah bird The New Wine of Dominican Spirituality Paul Murray, 2006-04-10 Names and celebrates aspects of the Dominican tradition that are at the very core of its spirituality One of the things which has characterized the Dominican spirit from the beginning is a sense of openness to the world This book presents the Dominican vision of life **The Miracles of Our Lord** John Laidlaw, 1892 Prickett, 2015-10-02 This is a book of sermons based on passages in the Gospel of John which are not included in the synoptic gospels The book contains some interesting episodes and teachings of Jesus T A Prickett preached these sermons while he was pastor of the former Seven Hills Baptist Church in Kentucky He served this church for thirty four years Miracles of the Bible Herbert Lockyer, 2017-05-23 The Supernatural in Scripture Its Scope and Significance The Bible is a book of miracles From Genesis to Revelation the supernatural power of God is on display from the Creation to the plagues of Egypt to the Messiah's authority over demons and diseases to the apocalyptic clash between satanic forces and divine omnipotence In detailed description and analysis Dr Herbert Lockyer furnishes a case by case look at all the miracles of the Bible From the beginning of the Old Testament to the end of the New Testament All the Miracles of the Bible walks us through the Books of Moses Historical Books Post Captivity Books Poetical Books Prophetical Books Gospels Acts Epistles Apocalypse can be used as a handy reference work by any and every Bible student The Banner Herbert W Lockyer's All books give you life enriching insights into the Bible From characters you can learn from to teachings you can apply to promises you can stand on and prophecies you can count on Lockyer's time honored works help you wrap your mind around the Bible and get it into your heart Lockyer's books include All the Apostles of the Bible All the Divine Names and Titles in the Bible All the Doctrines of the Bible All the Men of the Bible All the Women of the Bible All the Messianic Prophecies of the Bible All the Miracles of the Bible All the Parables of the Bible All the Prayers of the Bible and All the Promises of the Bible Miracles of Jesus According to John Stephen S. Kim, 2010-07-08 In our age of theological relativism Jesus guestion to His own disciples continues to ring true Who do the people say that the Son of Man is Through Jesus seven miracles and His seven I Am sayings the apostle John provides a clear answer to that all important question Furthermore what do Jesus miracles represent Are they designed to point to something or someone In our supernatural crazed culture that affects even evangelical Christianity it is refreshing to be reminded that biblical miracles were never arbitrary but were always purposeful authenticating God's message and His messenger's In the Gospel of John the miracles of Jesus are both Christological that is they highlight Jesus Person and eschatological that is they foreshadow the work the Messiah will do in His future Advent The miracles remind us that God's desire for every believer is first and foremost a spiritual relationship with Him through His Son

Furthermore Jesus miracles also remind us that God s work in and for every believer will be fully and ultimately realized in Jesus' Ten Greatest Miracles James E. Smith, Ph.D., 2019-04-04 The ten greatest miracles of Jesus the everlasting life Better Than Wine Yudit Kornberg Greenberg, 1996 This book offers a ministry are examined in their contexts hermeneutical reading of Franz Rosenzweig s 1921 masterpiece The Star of Redemption In her analysis Yudit K Greenberg draws on German idealistic and Romantic ideas as well as Kabbalistic philosophical strands in Rosenzweig s thinking She portrays Rosenzweig as a transitional figure between philosophy and theology Judaism and German culture modernity and This Is My Flesh Jae Hyung Cho, 2022-01-28 In John 6 51 59 John describes the Eucharist of Jesus by modeling Dionysus In particular John 6 53 unless you eat the flesh of the Son of Man and drink his blood you have no life in you is one of the most difficult verses found anywhere in the Bible To explain this a new approach is needed when one consistently contemplates why John uses flesh instead of body and This is my flesh instead of This is my body The Dionysiac ritual of eating and tearing raw flesh shows cannibalistic elements Unlike other negative descriptions of cannibalism in ancient literature Dionysus is described as both an eater and a giver of raw flesh By reevaluating the negative term of cannibalism John positively applies this Dionysiac cannibalism to the Eucharistic words in 6 51 59 Because emphatically and slightly ironically scholars arguments show that John 6 is still a hard teaching of Jesus Jesus hard saying 6 60 is a consequence of this cannibalistic language and the ambiguous features of Dionysus *The Miracles of Christ. Expositions:* Critical, Doctrinal, Experimental Robert MAGUIRE (Rector of St. Olave's, Southwark.), 1863 Miracles of the New Testament: A Guide to the Symbolic Messages Alonzo L. Gaskill, 2023-02-14 From loaves and fishes to raising Lazarus from the dead Jesus Christ performed countless miracles during His mortal life Whether you are a student or teacher of the gospel you ll enjoy Alonzo Gaskill s compilation of the history and symbolism behind each miracle With deeper understanding of the New Testament you ll find a more profound testimony of the Savior s role in your life Spiritguest 2: Interface With Creation Jr Mcelfresh, 2012-09 J R not only focuses on creation itself but he also addresses the impact of words upon its primal beginning and its controversies Congressman Trent Franks God spoke the words of creation but Scripture does not elaborate on the intricacies of this action In SpiritQuest 2 Interface with Creation author JR McElfresh investigates many of the issues and controversies related to creation and considers the lack of answers to key questions Designed for pastors church leaders and those who desire to learn more about pivotal creation issues and how the universe began SpiritQuest 2 Interface with Creation probes into the issues of the relationship between scientific knowledge and the Word of God This study takes a journey through quarks quantum mechanics sound waveforms creation s voice energy the miracles of Jesus and a host of discoveries showing the relationship between God himself and the physical laws of the universe McElfresh elaborates on the importance of the spoken and written word in Scripture science and the arena of linguistics in relation to creation he also discusses the far reaching impact of words as sounds and visual images on the human mind and thought
