guide to an amazing Christmas tree in your home *New York Magazine* ,1988-12-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Rituals and Traditional Events in the Modern**

World Jennifer Laing, Warwick Frost, 2014-10-30 Many events have evolved over centuries drawing on local customs and conditions However as the world becomes increasingly globalised traditional events and the identities they support are increasingly being challenged and rituals may be lost Reacting against this trend towards homogeneity communities strive to preserve and even recreate their traditional events which may require rituals to be resurrected or reinvented for a new audience The aim of this book is to explore the role of traditional events and rituals in the modern world The 16 chapters cover a range of case studies of the performance of ritual through events including their historical antecedents and development over time as well as their role in society link with identities both seemingly fixed and fluid and their continued relevance The cases examined are not museum pieces but rather vibrant festivals and events that continue to persist Drawing on the power of history and cultural tradition they are manifestations of heritage existing in three temporalities celebrating the past occurring in the present and aiming to continue into and influence the future Iconic events including Chinese New Year Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea China Laos the United States Scotland Italy India and Haiti This volume provides a deep understanding upon the role of tradition and ritual within events from a global perspective and will be valuable reading for students researchers and academics interested in events heritage and culture **Christmas in America** Penne L.

Restad, 1996-12-05 The manger or Macy s Americans might well wonder which is the real shrine of Christmas as they take part each year in a mix of churchgoing shopping and family togetherness But the history of Christmas cannot be summed up so easily as the commercialization of a sacred day As Penne Restad reveals in this marvelous new book it has always been an ambiguous meld of sacred thoughts and worldly actions as well as a fascinating reflection of our changing society In Christmas in America Restad brilliantly captures the rise and transformation of our most universal national holiday In colonial times it was celebrated either as an utterly solemn or a wildly social event if it was celebrated at all Virginians hunted danced and feasted City dwellers flooded the streets in raucous demonstrations Puritan New Englanders denounced the whole affair Restad shows that as times changed Christmas changed and grew in popularity In the early 1800s New York served as an epicenter of the newly emerging holiday drawing on its roots as a Dutch colony St Nicholas was particularly popular in the Netherlands even after the Reformation and aided by such men as Washington Irving In 1822 another New Yorker named Clement Clarke Moore penned a poem now known as Twas the Night Before Christmas virtually inventing the

modern Santa Claus Well to do townspeople displayed a German novelty the decorated fir tree in their parlors an enterprising printer discovered the money to be made from Christmas cards and a hodgepodge of year end celebrations began to coalesce around December 25 and the figure of Santa The homecoming significance of the holiday increased with the Civil War and by the end of the nineteenth century a full fledged national holiday had materialized forged out of borrowed and invented custom alike and driven by a passion for gift giving In the twentieth century Christmas seeped into every niche of our conscious and unconscious lives to become a festival of epic proportions Indeed Restad carries the story through to our own time unwrapping the messages hidden inside countless movies books and television shows revealing the inescapable presence and ambiguous meaning of Christmas in contemporary culture Filled with colorful detail and shining insight Christmas in America reveals not only much about the emergence of the holiday but also what our celebrations tell us about ourselves From drunken revelry along colonial curbstones to family rituals around the tree from Thomas Nast drawing the semiofficial portrait of St Nick to the making of the film Home Alone Restad s sparkling account offers much to amuse and ponder

Steven Petrow, 2024-09-10 From award-winning Washington Post columnist Steven Petrow, a guide to finding joy even during life's most difficult times. AN OPEN FIELD PUBLICATION FROM MARIA SHRIVER. We all know what it's like to experience the disappointments and sorrows of life. Unexpected challenges like layoffs, divorce, illness, and the death of a loved one can leave us hurting and isolated. Add to that the unending anxiety we feel at the state of the world, political strife, and global upheavals, and we end up with a recipe for joy. Yes, says journalist Steven Petrow, who has lived through all of those things and arrived at a surprising conclusion: Joy is always present in our everyday routines, in ties to those we care about, even in our grief. It may be easier to see and feel it during the good times, but we can learn to find joy even in the darkest days. All we need is a road map, and now we have one. In *The Joy You Make*, Petrow explores the many expressions of joy and shows readers how to find, cultivate, and share it. He takes us on a journey from the darkness of the Arctic to a frenetic cancer ward in Manhattan, a trip that includes his parents' deaths, the breakup of his marriage, and his sister's cancer diagnosis. Combining his personal experiences with research and expert interviews, Petrow asks and answers the question: What if there was a way to find the joy in everything? Come join him on his search and make it yours.
