Miracle Of England An Account Of Her:

Miracles in Enlightenment England Jane Shaw, 2006-01-01 The Enlightenment considered an age of rationalism is not normally associated with miracles In this intriguing book however Jane Shaw presents accounts of inscrutable miracles that occurred to ordinary worshippers in early modern England She considers the reactions of intellectuals scientists and physicians to these miraculous events and through them explores the relations between popular and elite culture of the time Miraculous events in England between the 1650s and the 1750s were experienced mainly not by Catholics but by Protestants The book looks at the political and social context of these events as well as interpretations and explanations of them by scientists the Court and the Church as well as by preachers pamphleteers friends and neighbors Shaw links the lived religion of the time to intellectual history and amends the hitherto received view The religious practice of ordinary people was as crucial to the development of Enlightenment thought as the philosophical and theological writings of the elite *A history of disability in England* Simon Jarrett, 2023-12-01 Throughout history numerous individuals with disabilities have had to pit themselves against huge obstacles placed in their way because of the type of person they were born as the type of person they became through accident illness or circumstances or the type of person they have been perceived as This book tells the story of how disabled people have done this how they have seen themselves how they have been perceived and treated by others and how they have influenced society People with disabilities have always been a part of English society and this concise thousand year history ranges from the surprisingly integrated communities of the medieval and early modern periods to the institutionalisation of the 19th and 20th centuries Sometimes the history of disability is described as a hidden history This book argues that it is no such thing The history of people with disabilities is often in front of our eyes yet we frequently choose to ignore it or simply do not see it Accounts of daily life events art literature family histories and political debate have always featured people with disabilities who are there for all to see but too often observers particularly non disabled observers gaze straight past them **The miracle of England: an account of her rise to prominence and present position** André Maurois, 1937 *Miracles of the Virgin in Medieval England* Adrienne Williams Boyarin, 2010 First book length study of hagiographical legends of the Virgin Mary in medieval England with particular reference to her relationship with Jews books and the law Legendary accounts of the Virgin Mary's intercession were widely circulated throughout the middle ages borrowing heavily as in hagiography generally from folktale and other motifs she is represented in a number of different often surprising ways rarely as the meek and mild mother of Christ but as bookish fierce and capricious amongst other attributes This is the first full length study of their place in specifically English medieval literary and cultural history While the English circulation of vernacular Miracles of the Virgin is markedly different from continental examples this book shows how difference and miscellaneity can reveal important developments within an unwieldy genre The author argues that English miracles in particular were influenced by medieval England's troubled history with its Jewish population and the

rapid thirteenth century codification of English law so that Mary frequently becomes a figure with special dominion over Jews text and legal problems The shifting codicological and historical contexts of these texts make it clear that the paradoxical sign Mary could signify in both surprisingly different and surprisingly consistent ways rendering Mary both mediatrix and legislatrix ADRIENNE WILLIAMS BOYARIN is Assistant Professor of English at the University of Victoria British Columbia

Contextualizing Miracles in the Christian West, 1100-1500 Matthew M. Mesley, Louise E. Wilson, 2014-12-01 This volume brings together innovative research on miracles in the Christian West 1100 1500 and includes chapters on Anglo Norman saints cults late medieval Portugal and the legacy of medieval hagiography in the immediate Post Reformation period Contributors investigate miracle narratives in conjunction with broader socio cultural ideals practices and developments in medieval society They also reassess the legacy of Peter Brown challenge established dichotomies such as medicine and religion and examine relics lay beliefs and the liturgical evidence of a saint s cult moving beyond the traditional focus on canonization Medical history features prominently alongside other approaches these clarify the contexts of our sources and demonstrate the methodological vibrancy in this field *Finding the Virgin Mary* Judith M. Davis, 2024-12-18 Stories about the Virgin Mary began to appear in the second century a spring of tradition that branched off from the mainstream teaching of the canonical gospels This developed into a torrent of texts about Mary her relationship with God and her motherhood This book translates and interprets such stories about Mary from the beginnings of Christianity to modern times The narrative or story theology of these works shows her to be a partner with her son Jesus in the work of salvation Early stories depict Mary as chosen from childhood and she is shown at the Last Supper with other women Medieval tales recount the miracles she works to cure both physical and moral failings Stories of her appearances Our Lady of Guadalupe Mexico Our Lady of Lourdes France and Our Lady of Fatima Portugal have been told and retold across the centuries Today Mary is still seen as an icon of women s agency celebrated in song film and art of every kind This book uncovers her history and reveals her power through the life and message of this woman of faith **Early Modern Literature and England's Long Reformation** David Loewenstein, Alison Shell, 2020-12-17 Assessing early modern literature and England s Long Reformation this book challenges the notion that the English Reformation ended in the sixteenth century or even by the seventeenth century Contributions by literary scholars and historians of religion put these two disciplines in critical conversation with each other in order to examine a complex messy and long drawn out process of reformation that continued well beyond the significant political and religious upheavals of the sixteenth century The aim of this conversation is to generate new perspectives on the constant remaking of the Reformation or Reformations as some scholars prefer to characterize the multiple religious upheavals and changes both Catholic and Protestant of the early modern period This interdisciplinary book makes a major contribution to debates about the nature and length of England s Long Reformation Early Modern Literature and England s Long Reformation is essential reading for scholars and students considering the

interconnections between literature and religion in the early modern period The chapters in this book were originally published as a special issue of the journal *Reformation* *The Miracles of Mary in Twelfth-Century France* ,2024-12-15 Murder in a cathedral horrific illnesses and deformities narrow escapes from injury and death a vengeful dragon a wandering eyeball a bawdy monk and other sinners redeemed the accounts of miracles performed by the Virgin Mary gathered and translated in *The Miracles of Mary in Twelfth Century France* provide vivid glimpses into medieval life and beliefs Bruce L Venarde provides fluent translations of the first five collections of Marian miracle narratives from France written in the second quarter of the twelfth century and never before available in English The stories recorded in these collections by Herman of Tournai Hugh Farsit Haimo of Saint Pierre sur Dives John son of Peter and Gautier of Compi gne offer descriptions of travel living conditions medical knowledge conflict between and among lay and religious authorities and the burgeoning cult of the Virgin Mary which had only recently become important in Western Europe Including notes tables and maps that orient and illuminate the texts *The Miracles of Mary in Twelfth Century France* makes these riveting tales available to readers seeking a view into the medieval past George Fox's 'Book of Miracles' George Fox,2012-03-08 A fascinating insight into a period of religious revolution in Britain and into the development of a new faith **The Testimony of Facts Concerning the Continuation of Miracles in the Church. [Signed: R. B. L., I.e. R. B. Lusk.]** R. B. L.,R. B. LUSK,1832 Nineteenth century miracles E.H. Britten,1884 Nineteenth century miracles or Spirits and their work in every country of the earth A complete historical compendium of the great movement know as modern spiritualism *England's Jews* John Tolan,2023-03-07 In 1290 Jews were expelled from England and subsequently largely expunged from English historical memory Yet for two centuries they occupied important roles in medieval English society England s Jews revisits this neglected chapter of English history one whose remembrance is more important than ever today as antisemitism and other forms of racism are on the rise Historian John Tolan tells the story of the thousands of Jews who lived in medieval England Protected by the Crown and granted the exclusive right to loan money with interest Jews financed building projects provided loans to students and bought and rented out housing Historical texts show that they shared meals and beer celebrated at weddings and sometimes even ended up in bed with Christians Yet Church authorities feared the consequences of Jewish contact with Christians and tried to limit it though to little avail Royal protection also proved to be a double edged sword when revolts broke out against the unpopular king Henry III some of the rebels in debt to Jewish creditors killed Jews and destroyed loan records Vicious rumors circulated that Jews secretly plotted against Christians and crucified Christian children All of these factors led Edward I to expel the Jews from England in 1290 Paradoxically Tolan shows thirteenth century England was both the theatre of fruitful interreligious exchange and a crucible of European antisemitism
