*Miracles, Parables and Commandments of Jesus* Koshy Mathew Thachireth, 2019-05-15 This book is a collection of the miracles parables and commandments of Jesus presented by way of comparative study of the four gospels Jesus is presented here as a human being homeless and itinerant who became son of God through renunciation meditation which led to self realization He through the miracles taught us to restrain from self glorification the root cause of sin but give glory to God for all your achievements because it is not your body but the spirit of God in you that enables you to do miracles or the works of God Through the Parables he taught us to what is the kingdom of God and how to seek it The Commandments conveyed to us through the Sermon on the Mount teach us how to purify our hearts lead a righteous life and become perfect or sons of God who is perfect One who realize the truth of the Sermon and live accordingly would become God on earth It is the sum total of all ancient great religions in the world This book is divided into three parts the first part dealing with miracles performed by Jesus the second with parables told by Jesus in the course of his public ministry that form part of his teachings and the third commandments as contained in the Sermon on the Mount

**The Parables and Miracles of Jesus the Christ** James D Quiggle,2020-05-24 The need for specialized books on the gospels is apparent when one considers the variety of their contents The four gospels are similar to the Greek bios as a life a kind of biography but in the format of the Old Testament historical narratives As such they give us a selective history of the person life and works of Jesus the Christ Within that history are the stories Jesus told and the miracles he performed Focusing the study on the parables Jesus told and miracles he worked allows the Bible student to become prepared for the study of the gospels as a whole The Miracles and Parables of Christ Richard C. Trench,1996-06-01 Two definitive reference volumes on the works and ministry of Jesus are joined into one volume Each of the 30 miracles and 30 parables are studied in great detail Each study provides excellent background information as well as the Biblical meanings and interpretation allowing the reader to draw personal application from each miracle and parable The studies give the overall purpose and significance of each of Christ s miracles and parables Irony and Jesus Rob Gieselmann,2019-12-08 Did Jesus really expect people to sell all their possessions or to hate their fathers and mothers Or is it possible that both Jesus and the gospel writers used literary devices to layer a variety of meanings into the fabric of Jesus life and the stories he told On the surface the stories appear to mean one thing but beneath the surface surprises lurk In this book Rob Gieselmann presents parables stories and actions of Jesus to re view them in the light of irony In Irony and Jesus you will find eleven instances of stories found in the gospels plus one found in the Good Friday tradition explored through interpretations often ignored or hidden by mainstream interpreters For example when Jesus scolded Peter for lacking faith while walking on water Peter sank What if Jesus scolded Peter not for his immature faith s inability to hold him afloat but instead because Peter lacked the faith necessary to stay in the boat We often treat scripture as a judgmental school teacher rather than as a gentle mentor leading us into a more mature experience of faith Yet so much of Jesus and his words are in the end about the fact that God really does love everybody everybody scandalously which must mean in the end that God loves you just as you are What if you read scripture through that lens rather than the more typical judgmental lens A lens like that can change a life As Rob likes to say I am not literal about scripture I am not literal about hierarchical authority I am literal about grace In these pages you will discover a literal grace to renew your faith A priest in the Episcopal Church Rob has taught Scripture for over twenty years encouraging students to look behind scripture s veil of words to discover creative and unexpected wisdom His previous books include *The Episcopal Call to Love* and *A Walk Through the Churchyard* **All the Parables of the Bible** Herbert Lockyer,1963 A study and analysis of the more than 250 parables in Scripture *Discourses on the Miracles and Parables of our ...
