Religion as Metaphor David Tacey, 2017-09-08 Biblical stories are metaphorical They may have been accepted as factual hundreds of years ago but today they cannot be taken literally Some students in religious schools even recoil from the fairy tales of religion believing them to be mockeries of their intelligence David Tacey argues that biblical language should not be read as history and it was never intended as literal description At best it is metaphorical but he does not deny these stories have spiritual meaning Religion as Metaphor argues that despite what tradition tells us if we believe religious language we miss religion's spiritual meaning Tacey argues that religious language was not designed to be historical reporting but rather to resonate in the soul and direct us toward transcendent realities Its impact was intended to be closer to poetry than theology The book uses specific examples to make its case Jesus the Virgin Birth the Kingdom of God the Apocalypse Satan and the Resurrection Tacey shows that with the aid of contemporary thought and depth psychology we can re read religious stories as metaphors of the spirit and the interior life Moving beyond literal thinking will save religion from itself *States of Violence* Fernando Coronil, Julie Skurski, 2006 An exploration of the often unrecognized violent foundations of modern nations Higher RMPS: Religious & Philosophical Questions, Second Edition Joe Walker, 2019-07-08 Exam Board SQA Level Higher Subject RMPS First Teaching August 2018 First Exam June 2019 The only resource for RMPS Religious and Philosophical Questions at Higher level written by a bestselling author and expert in the field Completely updated for the 2018 SQA specification This book provides comprehensive coverage of the newly designed CFE Higher in Religious Moral and Philosophical Studies It is also ideal for students across Scotland studying key topic areas in Religious and Philosophical Questions as part of the broad general education and the senior phase of RME Offers a lively accessible and engaging style with appropriate humour that reflects real life situations and moral issues Highlights the importance of dealing with varieties of belief within religious traditions Deals with up to date contemporary and topical issues in a highly sensitive and informative manner *Heroes of the Age* David B. Guyonn, Zrinka Stahuljak, 2013 An examination of medieval historical writings through the prism of violence The concept of medieval historiography as usable past is here challenged and reassessed The contributors shared claim is that the value of medieval historiographical texts lies not only in the factual information the texts contain but also in the methods and styles they use to represent and interpret the past and make it ideologically productive Violence is used as the key term that best demonstrates the making of historical meaning in the Middle Ages through the transformation of acts of physical aggression and destruction into a memorable and usable past The twelve chapters assembled here explore a wide range of texts emanating from throughout the francophone world They cover a range of genres chansons de geste histories chronicles travel writing and lyric poetry and range from the late eleventh to the fifteenth century Through examination of topics as varied as rhetoric imagery humor gender sexuality trauma subversion and community formation each chapter strives to demonstrate how knowledge of the medieval past can be enhanced by approaching medieval modes of historical representation and consciousness on their own terms and by acknowledging and resisting the desire to subject them to modern conceptions of historical intelligibility Noah D Guyonn is Associate Professor of French at the University of California

Davis Zrinka Stahuljak is Associate Professor of French and Comparative Literature at the University of California Los Angeles Contributors Noah D Guynn Zrinka Stahuljak James Andrew Cowell Jeff Rider Leah Shopkow Matthew Fisher Karen Sullivan David Rollo Deborah McGrady Rosalind Brown Grant Simon Gaunt The Gospel According to Christ Mark A. Stelter,2011-11-14 Christianity is in crisis We live in a time when millions of people profoundly misunderstand the message of the Gospel They believe that being a Christian means little more than being a nice person They view Jesus as a wise moral teacher who showed us how to live better lives and they conclude that the love of humanity is our greatest cause and its progress our primary purpose Whatever else may be said of this view of Christianity it is certainly not what Jesus taught It is an attempt to replace the concepts of sin redemption and salvation with the more socially acceptable virtues of tolerance compassion and social progress It elevates humanity and the world above God and his kingdom and reduces Jesus to a mere moral philosopher But who did Jesus say he was What was the essential message of Christ The Gospel According to Christ answers those questions by examining the words of Jesus in their context and in their entirety The answers will be shocking to many Christians **Miracles in the Christian Tradition** Cummings, Owen F.,2021 Hoping to overcome what John Meier refers to as the academic sneer factor when speaking of the miraculous Owen Cummings examines the history of the miraculous from the Old Testament through attitudes of twenty first century theologians **Divine Prophets** Kaia Stonebrook,Al,2025-02-27 Divine Prophets explores the profound impact of individuals claiming direct communication with the divine examining how these religious figures shaped faiths and inspired spiritual movements The book highlights the nature of prophetic experience from mystical visions to direct commandments and analyzes the socio political impact of prophetic movements throughout religious history Discover how these figures challenged power structures and advocated for social justice influencing civilizations and the lives of billions The book delves into detailed biographical studies of influential prophets such as Abraham Moses Jesus Muhammad Buddha and Zoroaster analyzing their teachings and legacies It also examines the sociopolitical consequences of prophetic movements demonstrating their ability to inspire reform and revolution This approach provides a balanced perspective acknowledging the complexities inherent in religious studies and aiming to engage both academic and general audiences interested in biography and religion The book progresses by first introducing the concept of prophecy across diverse religious traditions then dedicating sections to detailed biographical studies followed by an analysis of sociopolitical consequences and culminating in a discussion of the enduring relevance of prophetic traditions By understanding these prophetic traditions readers can gain insights into the complex interplay between religion society and politics **Encyclopedia of Spirits** Judika Illes,2010-09-14 Enter the World of Spirits The Encyclopedia of Spirits is a comprehensive and entertaining A to Z of spirits from around this world and the next Within these pages meet love goddesses and disease demons guardians of children and guardians of cadavers Discover Celtic goddesses and goddesses of the Kabbalah female Buddhas African Powers Dragon Ladies White Ladies Black Madonnas the

Green Man the Green Fairy lots and lots of ghosts djinn mermaids fairies and more From the beneficent to the mischievous working with these spirits can bring good fortune lasting love health fertility revenge and relief Discover The true identities of over one thousand spirits as well as their likes and dislikes How to communicate with specific spirits for your own benefit How to recognize these spirits when they manifest themselves The mythological and historical events associated with specific spirits The colors days numbers and astrological signs associated with specific spirits The Encyclopedia of Spirits also provides an overview of the role of spirit communication throughout history and a general guide to working with spirits No matter what your life s problems or desires this book can guide you to the right spirits who can help fulfill your dreams For the spiritual adept the amateur or the simply curious the Encyclopedia of Spirits will inform inspire and delight Word, Image and Experience Giselle de Nie,2023-07-07 Focusing on the works of bishop Gregory of Tours 539 594 and the poet hagiographer Venantius Fortunatus 540 c 604 in later life bishop of Poitiers Dr de Nie gives in these innovative studies a new understanding of the miracle stories around which much of their writing revolves but whose bizarre dynamics appear to defy sense which has often resulted in their dismissal as useless to the historian These authors perceptions of miracles and their renderings of the human self awareness through which miracles are perceived and happen are analysed as attempts mostly rooted in models from the Bible to adjust the early Christian tradition so as to make sense of and protect themselves in the highly insecure environment of 6th century Frankish Gaul Drawing on modern anthropological and psychological studies notably in the area of spiritual healing practices as well as on philosophical and theological reflections about verbal and mental imagery she demonstrates how these can be used to throw fresh light on late antique society and its spirituality exploring views of mind affectivity body sensory phenomena symbols and the perception of women as well as of the qualities of images verbal language and texts The volume includes five essays not previously published in English The Poetics of Ancient and Classical Arabic Literature Esad Durakovic,2015-04-24 Through analysing ancient and classical Arabic literature including the Qur an from within the Arabic literary tradition this book provides an original interpretation of poetics and of other important aspects of Arab culture Ancient Arabic literature is a realm of poetry prose literary forms emerged rather late and even then remained in the shadow of poetic creative efforts Traditionally this literature has been viewed through a philologist s lens and has often been represented as materialistic in the sense that its poetry lacked imagination As a result Arabic poetry was often evaluated negatively in relation to other poetic traditions The Poetics of Ancient and Classical Arabic Literature argues that old Arabic literature is remarkably coherent in poetical terms and has its own individuality and that claims of its materialism arise from a failure to grasp the poetic principles of the Arabic tradition Analysing the Qur an which is known for confronting the poetry of the time this book reveals that post Qur anic literature came to be defined against it Thus the constitution and interpretation of Arabic literature imposed itself as a particular exegesis of the sacred Text Disputing traditional interpretations by arguing that Arabic literature can only be assessed from within and not through

comparison with other literary traditions this book is of interest to students and scholars of Islamic Studies Arabic Studies and Literary Studies Culture in Mind Karen A. Cerulo,2013-05-13 What is thought and how does one come to study and understand it How does the mind work Does cognitive science explain all the mysteries of the brain This collection of fourteen original essays from some of the top sociologists in the country including Eviatar Zerubavel Diane Vaughan Paul Dimaggio and Gary Alan Fine among others opens a dialogue between cognitive science and cultural sociology encouraging a new network of scientific collaboration and stimulating new lines of social scientific research Rather than considering thought as just an individual act Culture in Mind considers it in a social and cultural context Provocatively this suggests that our thoughts do not function in a vacuum our minds are not alone Covering such diverse topics as the nature of evil the process of storytelling defining mental illness and the conceptualizing of the premature baby these essays offer fresh insights into the functioning of the mind Leaving the MRI behind Culture in Mind will uncover the mysteries of how we think A *Bibliography of Theology* William Swan Sonnenschein,1897 What I Believe Hans Küng,2010-09-16 Hans Kung is one of the most celebrated theologians of the present day His audience which is strong within his own Roman Catholic Church is equally solid among Christians of other denominations among those outside the churches and indeed among those at the frontiers of organised religion From the start he has been a rebel being Swiss and a lover of personal freedom Many of his books such as *Infallible* and *On Being a Christian* have rocked the Papal boat Now after publishing two magnificent and acclaimed volumes of memoirs Kung has written a much shorter and more personal book to explain his own beliefs If one sets aside all scientific knowledge and learning all formal theological language and the skilful construction of theories what remains as the core of faith What do we need for our lives What is indispensable to us Kung writes of trust in life joy in life and suffering in life and in so doing gives us a summa of his own faith and life The Beginning of All Things Hans Kng,2008-06-06 In an age when faith and science seem constantly to clash can theologians and scientists come to a meeting of minds Yes maintains the intrepid Hans K ng as he brilliantly argues here that religion and science are not mutually exclusive but complementary Back cover
