happen automatically but what we crave about them sure seems to We all want to belong that need to be connected to others is an inherent desire We live our entire lives trying to fit in be known attract acceptance and experience intimacy We desperately want to have others care about us This book is about that hunger And more pointedly it is about listening to it and learning how to fulfill it **Things Don't Just Happen** Robby Stephens, 2009-01-10 Do things happen by chance Or do things happen for a reason Google the latter question and you will find 27 500 000 results If you have ever questioned the events of your life one glance at the blogs or postings from this query will indicate that people of all backgrounds and motivations have an inner desire to know the truth Sometimes it is difficult to determine the events in life that are intentional and those that are merely chance Each chapter in this book tells a different real life story of coincidence and relates it to the design of God and His message to us in the Bible Regardless of your age or state in life this refreshing view of life offers relief and encouragement to those who want more assurance than simply the luck of the draw The author Robby Stephens was inspired to create this book after years of believing that life was just a roll of the dice sometimes you win sometimes you lose
