**Human Security as Statecraft** Nik Hynek, 2012-02-20 This book critically investigates the discourses and practices of human security and aims to delve below the stereotypical imageries representing them Drawing on Foucault and Deleuze the author approaches human security from a new perspective with the aim of ascertaining what has been behind and underneath a certain spatio temporal articulation of human security and with what political implications and consequences Each human security assemblage is composed of messy discourses and practices which are loosely related and sometimes even disconnected This book examines the Canadian and Japanese articulations of human security and establishes the kinds of structural terrains have enabled shaped or blocked the unfolding of these versions of human security The pivotal contention of the book is that Canadian and Japanese articulations of human security have been different because they have grown from completely different domestic economies of power governing the relationship between the state apparatus and the non profit and voluntary sector While the Canadian human security assemblage has been shaped by transformations in the country s advanced liberal model of government the Japanese has been shaped by the continuities of Japan s bureaucratic authoritarianism A novel approach is employed for the related

**Tradition, Democracy and the Townscape of Kyoto** Christoph Brumann, 2012-08-06 As the historic capital of the country and the stronghold of the nation's most celebrated traditions the city of Kyoto holds a unique place in the Japanese imagination Widely praised for the beauty of its townscape and natural environments it is both a popular destination for tourists and home to one and a half million inhabitants There has been a sustained lively debate about how best to develop the city with a large number of local government officials citizen activists urban planners real estate developers architects builders proprietors academic researchers and ordinary Kyotoites involved in discussions forming a highly peculiar social arena that has no match elsewhere in Japan This book based on extensive fieldwork and interviews provides an ethnographic study of this particular social field It analyses how people in Kyoto deal with their most cherished traditions such as the traditional town houses and the famous Gion matsuri festival which calls into question several of the standard social scientific assumptions about the functions of cultural heritage for present day societies The book looks at the way concerned citizens government bureaucrats and other important players interact with each other over contentious modern buildings often with the best intentions but constrained by set role expectations and by the superior power of national level regulations and agencies This book contributes to debates on the social uses of tradition and heritage and the question of how to create sustainable liveable urban environments

**Japanese Sports** Allen Guttmann, Lee Thompson, 2001-06-01 In this first synthetic comprehensive survey of Japanese sports in English the authors are attentive to the complex and fascinating interaction of traditional and modern elements In the course of tracing the

emergence and development of sumo the martial arts and other traditional sports from their origins to the present they demonstrate that some cherished ancient traditions were in fact invented less than a century ago They also register their skepticism about the use of the samurai tradition to explain Japan's success in sports Special attention is given to Meiji era Japan's frequently ambivalent adoption and adaptation of European and American sports a particularly telling example of Japan's love-hate relationship with the West The book goes on to describe the history of physical education in the school system the emergence of amateur and professional leagues the involvement of business and the media in sports promotion and Japan's participation in the Olympics Japanese Sports Trivia Quiz openli Japan's first professional baseball team was founded in 1921 When were the Central and Pacific Leagues established a 1930 b 1940 c 1950 d 1960 openli Oh Sadaharu hit 51 home runs in 1973 and 49 in 1974 How many did he hit in his lifetime a 597 b 602 c 755 d 868 openli Sugiura Tadashi pitched 42 games for the Nankai Hawks in 1959 and won 38 How many games did he pitch and win against the Yomiuri Giants in the Japan Series that same year a 1 b 2 c 3 d 4 openli The first Japanese radio broadcast of an entire sports event occurred at the national middle school baseball tournament at Koshien Stadium in 1927 with a Ministry of Communication censor standing by since the script couldn't be approved in advance The national middle school tournament was suspended in 1941 When was it resumed a 1945 b 1946 c 1947 d 1948 openli In 1791 Shogun Tokugawa Ienari observed a new ring entering ceremony similar to that now performed by yokozuna When did the Sumo Association officially recognize the rank of yokozuna a 1789 b 1890 c 1909 d 1951 openli Which famous sumo rikishi won 69 successive bouts over the course of 7 tournaments the longest winning streak ever recorded a Futabayama Sadaji b Wakanohana Kanji c Taiho Koki d Chiyonofuji Mitsugu openli When the first karate dojo was established in Okinawa in 1889 the characters for karate were written Chinese hand When were they first written empty hand a 1889 b 1922 c 1929 d 1935 openli Only one major school of aikido holds competitive tournaments When did the name aikido first appear on the list of government sanctioned martial arts a 1883 b 1890 c 1931 d 1942 openli In 1951 Tanaka Shigeki became the first Japanese runner to win the Boston Marathon When was the first Fukuoka Marathon held a 1927 b 1937 c 1947 d 1957 openli At the infamous 1936 Nazi Olympics in Berlin Japanese athletes won gold medals in track and field swimming and diving In what event did a Korean win the gold for Japan a marathon b triple jump c pole vault d 1500 m freestyle Answers 1 c the Pacific League was the expansion league 2 d Japanese ballparks are shorter than U.S. parks but the season is also shorter 3 d his arm never recovered from that year 4 b 5 c the rank yokozuna first appeared on the banzuke ratings in 1890 and the first solo ring entering ceremonies by wrestlers wearing the yokozuna rope was in 1789 6 a 7 c by members of Keio's karate club who were impressed by a Zen priest of the Rinzaï sect 8 d its founder Ueshiba Morihei was born in 1883 9 c the year after the first footrace around Lake Biwa 10 a

Touching the Unreachable Fusako Innami, 2025-09-30 Fusako Innami offers the first comprehensive study of touch and skinship relationality with the other through the skin in modern Japanese writing The concept of the unreachable that is the

lack of characters complete ability to touch what they try to reach for provides a critical intervention on the issue of intimacy Touch has been philosophically addressed in France but literature is an effective or possibly the most productive venue for exploring touch in Japan as literary texts depict what the characters may be concerned with but may not necessarily say out loud Such a moment of capturing the gap between the felt and the said the interaction between the body and language can be effectively analyzed by paying attention to layers of verbalization or indeed translation by characters utterances authors depictions and readers interpretations Each of the writers discussed in this book starting with Nobel prize winner Kawabata Yasunari Tanizaki Jun ichir Yoshiyuki Junnosuke and Matsuura Rieko presents a particular obsession with objects or relationality to the other constructed via the desire for touch In *Touching the Unreachable* phenomenological and psychoanalytical approaches are cross culturally interrogated in engaging with literary touch to constantly challenge what may seem like the limit of transferability regarding concepts words and practices The book thereby not only bridges cultural gaps beyond geographic and linguistic constraints but also aims to decentralize a Eurocentric hegemony in its production and use of theories and brings Japanese cultural and literary analyses into further productive and stimulating intellectual dialogues Through close readings of the authors treatment of touch Innami develops a theoretical framework with which to examine intersensorial bodies interacting with objects and the environment through touch

*Whatever Happened to Tradition?* Tim Stanley, 2021-10-14 The West feels lost Brexit Trump the coronavirus we hurtle from one crisis to another lacking definition terrified that our best days are behind us The central argument of this book is that we can only face the future with hope if we have a proper sense of tradition political social and religious We ignore our past at our peril The problem argues Tim Stanley is that the Western tradition is anti tradition that we have a habit of discarding old ways and old knowledge leaving us uncertain how to act or even of who we really are In this wide ranging book we see how tradition can be both beautiful and useful from the deserts of Australia to the court of nineteenth century Japan Some of the concepts defended here are highly controversial in the modern West authority nostalgia rejection of self and the hunt for spiritual transcendence We ll even meet a tribe who dress up their dead relatives and invite them to tea Stanley illustrates how apparently eccentric yet universal principles can nurture the individual from birth to death plugging them into the wider community and creating a bond between generations He also demonstrates that tradition far from being pretentious or rigid survives through clever adaptation that it can be surprisingly egalitarian The good news he argues is that it can also be rebuilt It s been done before The process is fraught with danger but the ultimate prize of rediscovering tradition is self knowledge and freedom
